it opens with a brief history of the service followed by a chapter that reviews its situation on the outbreak of war the chapters that follow look at the structure of the raf from the air ministry and chief of the air staff down to squadron level to include each of the commands including transport command a creation of the war years the main aircraft types used are listed as well as a full listing of squadrons and airfields in the british isles the training of personnel and such matters as uniforms rank insignia medals and life on a typical airfield are also covered the main battles or campaigns in which the service was involved are also described

the second world war airfields peppered around britain are among the most visible and widespread reminders of this devastating conflict some are now almost forgotten or built over others have become museums industrial estates or parkland and some have been adapted and remain in operation today in this beautifully illustrated history aviation historian stuart hadaway explains the crucial part airfields played between 1939 and 1945 detailing their construction and expansion their facilities and equipment the many functions they housed from command and control to maintenance and bomb loading how the airfields were used both for defence and offence and how they changed during the war he also explores what life was like on the airfields as well as listing some of the remaining sites and what can be seen today

born out of necessity in the dark days of the war the raf regiment found itself in the thick of the action supporting the vital operations in all theaters this comprehensive record of their operations gives the clearest indication of the contribution that the regiment made and includes many first hand accounts of the fighting including the first shooting down of a jet aircraft the me 262a 2a sturmvogel in november 1944 as a result of their outstanding contributions to the success of raf operations in

ww2 the regiment became a permanent part of the raf this is the official history of the raf regiment from its foundation 60 years ago to the aftermath of hostilities

essential coverage of the key part played by the iconic spitfire in the desert campaign during 1942 43 and in the destruction of the luftwaffe in sicily italy and the balkans from mid 1943 through to ve day although most famous for their role in the battle of britain many spitfire squadrons also served in the mediterranean theatre aiding the allied victories in north africa and later in the invasion of italy numerous pilots both royal air force and south african spitfire squadrons made ace during these engagements this book tells their story

gennemgår raf enheder flytyper materiel uddannelser m m op til perioden i begyndelsen af 1980 erne

an account of the part played by the airfields in the lothians during the second world war the planes and pilots who flew them and the local civilians who worked alongside them

eject eject when the call is made to abandon an aircraft it s only the beginning of the story from the sunday times bestselling writer john nichol author of spitfire lancaster and tornado comes a brilliant new book that reveals the astonishing story of an invention that has saved many thousands of lives around the world including his own the ejection seat nichol tells the remarkable tale of how the ejection seat was first conceived during the second world war as countless lives were lost in accidents and in battle in the wake of the war that technological race to save aircrew lives using explosive seats continued at an incredible pace nichol tells the story of the brave men who risked their lives testing those early devices and interviewed the first british pilot to eject back in 1949 when ejection from pulling the handle to being under the parachute took thirty seconds today that figure is down to around one second packed with interviews with aircrew who know exactly how it feels to bang out from an aircraft at high speed both in peace and in war the book gives the reader a vivid sense of what that life saving experience feels like but also features the moving accounts of what happens next from the viewpoint of both the crews and their families who often have little or no information about whether or not their loved ones have survived because ejecting is just the start of a journey packed with dramatic action incredible science and moving recollections eject eject is an essential read

this text looks at the less glamorous war efforts such as constructing nissan huts airfields and sewage disposal schemes in middle wallop conducting bomb trials in orfordness devising mud hut officers messes in nigeria and carved out caves in massawa this is a facsimile edition of a declassified royal air force publication entitled works it is an engineer s history of the work of the air ministry directorate general from 1935 to 1945 and a technical paper on ten years of constructional work

born out of necessity in the dark days of the war the raf regiment found itself in the thick of the action supporting the vital operations in all theaters this comprehensive record of their operations gives the clearest indication of the contribution that the regiment made and includes many first hand accounts of the fighting including the first shooting down of a jet aircraft the me 262a 2a sturmvolgel in november 1944 as a result of their outstanding contributions to the success of raf operations in ww2 the regiment became a permanent part of the raf this is the official history of the raf regiment from its foundation 60 years ago to the aftermath of hostilities
