shaw addresses the ethical turn in contemporary sociological thinking by exploring the contribution of sociology and the social sciences to bioethical debates about morality and tissue exchange practices

with new introductions cases and readings this edition presents ethical insights and thinking with respect to events in american and international businesses

the business ethics resource center serves users of both shaw business ethics a textbook with cases and shaw moral issues in business the site includes access to multimedia resources that students can employ throughout the course such as quizzing flashcards additional cases and further reading as well as news feeds audio and video

this book explores a heretofore unremarked linkage between bernard shaw the twentieth century french thinker paul ricoeur and jesus of nazareth the ties that bind them are a foundational interest in the social teachings of the nazarene and their use of a shared dialectics with respect to living the kind of compassionate life that holds out the promise in our contemporary world of achieving something approximating universal wellness on a healthy planet at peace with itself this work argues that the three principal subjects of the study independently of one another used the same dialectical method to reach the same dialectically derived conclusion about how humans can live redemptively in a fractured world

suitable for students on business ethics business and society or applied ethics courses this work brings together eleven essays by prominent authors it features work in the field and addresses important and provocative issues the essays represent diverse ethical and philosophical orientations and have been edited and abridged to make them more accessible to students

available in paperback for the first time gareth griffith s book provides a comprehensive critical account of the political ideas of one of the most influential commentators of the twentieth century with close reference to a range of shaw s texts from the fabian tracts to the plays gareth griffith draws out the central theoretical messages of shaw s engagement with politics the first part of the book provides an intellectual biography while at the same time analysing shaw s key concerns in relation to his fabianism arguments for equality of income and ideas on democracy and education part two looks at those areas which shaw approached as long standing historical problems or dramas requiring immediate thought or action sexual equality the irish question war fascism and sovietism the book is directed to the general reader as well as to specialists it will be central reading for anyone seeking to understand shaw s life and literary and political writings or the development of political thinking in this century or the problems and potential inherent in socialism

arising from foundations in green and eco consumerism ethical consumption is a multidisciplinary area of research this shortform book presents an expert view of the empirical evidence on ethical consumption incorporating perspectives from marketing psychology and sociology it takes both a historical and a thematic perspective covering definitions of ethical consumption typologies of ethical consumer practices successes brought about from consumer actions and the current challenges it also focuses on the emergence of contemporary perspectives on ethical consumer behaviour from three discrete perspectives those focusing on consumer segmentation the profiling of ethical consumers those which take a psychological approach the decision making processes which underpin ethical

consumption and those which are sociological in nature the identities and practices which underpin ethical consumption the book finally synthesises these perspectives in the context of the problems that are often claimed to exist such as the existence of the attitude behaviour gap and provides conclusions which make recommendations for practice and further research it will be of interest to academics and students of marketing consumption and related fields as well as to practitioners and policymakers who want to understand more about the evidence pertaining to ethical consumers what motivates them and how to encourage and educate them to consume more ethically

this comprehensive volume is particularly suited to teachers and students within the higher education sector having an interest in business and management ethics economic outlook and business review the theme of this book is moral leadership in action as it manifests itself implicitly and explicitly in european business organizations we understand leadership as interplay among people at all levels within organizations and also within the economic system by which people are bound together through particular forms of interaction the contributions collected in this volume mirror the plurality of approaches we find in the theoretical writings of academics in different european countries the additional business cases from six different nations show how leaders actually have adopted and integrated working with values in their own organizations i e how they put moral leadership into action while the selected papers are not meant to be representative of each country particular economic and cultural traditions are apparent in both thinking and managing moral leadership the contributors by presenting this emerging multicultural pattern of europe contribute to a better and more knowledgeable understanding of how european business leaders pursue their goals managers students and teachers in business ethics and leadership studies will find this volume an indispensable guide to the unique contributions of european leadership scholars

an ecological model through which we can imagine aquinas vision of moral character the images we use to think about moral character are powerful they inform our understanding of the moral virtues and the ways in which moral character develops however this aspect of virtue ethics is rarely discussed in ecological moral character nancy m rourke creates an ecological model through which we can form images of moral character she integrates concepts of ecology with aquinas vision and describes the dynamics of a moral character in terms of the processes and functions that take place in an ecosystem the virtues the passions the will and the intellect are also described in terms of this model ecological moral character asks readers to choose deliberately the models we use to imagine moral character and offers this ecological virtue model as a vital framework for a period of environmental crisis

analyzing shaw s writings in the political historical contexts from which they sprang alexander shows that shaw s socialism represented a reactive rather than a proactive stance
