problems from philosophy is an introductory text organized around the great philosophical problems the existence of god the nature of the mind human freedom the limits of knowledge and the truth about ethics it begins by reflecting on the life of the first great philosopher socrates then it takes up the fundamental question of whether god exists next comes a discussion of death and the soul which leads to a chapter about persons the later chapters consider whether objective knowledge is possible in science and ethics problems from philosophy represents the final work of philosopher james rachels in it he brings the same liveliness and clarity to the introduction of philosophy present in his other best selling texts problems from philosophy has been revised by james rachels son stuart who has carefully refined his father s work to further strengthen its clarity and accessibility the fourth edition features revisions on discussions of free will artificial intelligence idealism and kantian ethics

problems in philosophy of education canvasses several of the leading issues in philosophy of education these include the disconnect between the disciplines of philosophy and philosophy of education the strained relationship between educational practice and philosophy of education the role of educational research in philosophy of education and the lack of an independent scholarship for philosophy of education james scott johnson argues for a philosophy of education separate and distinct from both the disciplines of philosophy and education and claims that philosophy of education should raise and address its own questions and concerns supporting this is a model of how philosophy of education should originate basic questions together with a set of philosophic presuppositions regarding the model s logic ethics politics and relationship to science and social science

the problems of philosophy discusses bertrand russell s views on philosophy and the problems that arise in the field russell

his views focus on knowledge rather than the metaphysical realm of philosophy the problems with philosophy revolves around the central question that russell asks in his opening line of chapter 1 is there any knowledge in the world which is so certain that no reasonable man could doubt it he examines this question by delving into the idea of reality versus appearance as for russell and other philosophers who share his ideas it is sensory perception of the world around them that shapes their knowledge it is in this work that he discusses his idea of sense data to help explain the differences between appearance and reality the problems of philosophy is russell s first attempt at recording and working through a theory of epistemology which is the theory of the nature of human knowledge

the problems of philosophy is one of bertrand russell s most accessible and influential works designed to introduce readers to key questions and methods in philosophy in this concise book russell explores fundamental philosophical problems and presents his views on the nature of knowledge reality and the limits of human understanding

it has been rightly said that only a true philosopher may give a practical shape to education philosophy and education go hand in hand education depends on philosophy for its guidance while philosophy depends on education for its own formulation teaching methods are very much concerned with the philosophy of education the teacher holds the philosophical systems of education govern the teacher s attitude to the method of teaching with a view to comprehend the close relationship of philosophy and education and their great significance in the modern times the present book philosophy of education has been written the book aims at presenting the western isms of philosophy as well as indian philosophy of education beginning from the vedas to the contemporary philosophies it elucidates the philosophical issues and attempts to draw the philosophical implications of every isms invaluable viewpoints on education of eminent educators like rousseau russell swami dayanand annie besant m k gandhi rabindranath tagore and many others and the influence of their philosophies have been studied in depth it acquaints the readers with the varied aims and ideals of education methods and principles of teaching role and influence of teachers as propounded by the great philosophers written in a simple language and lucid style the book is expected to serve as an ideal textbook on the subject it will prove indispensable for the students and teachers of education question bank at the end of the book is an added advantage provided to the students which would prove helpful in preparation for examination even the general readers will find this book worth reading

action theory and practical philosophy have their well grounded tradition both in finland and in poland this text is a collection of practical philosophy and action theory praxiology the international annual of practical philosophy and methodology volume 2 this volume is divided into three parts the first one being so to speak a business card of finland s contemporary practical philosophy the second one being a business card of the poland s present praxiology and a collection of contributions from other philosophical environments related to the topics

this is a comprehensive book covering i principles of education ii philosophy of education both western and indian and iii sociology of education it covers the syllabi of all the indian universities for the paper principles of education for b ed and m ed classes the book has been presented in an analytical style the conclusions on controversial subjects have been arrived at through a synthetic approach subject matter has been drawn from authentic books by western and indian authors language of treatment has been kept as simple as possible examples have been drawn from the indian context thus the authors have left no stone unturned to make this book an authentic textbook on the subject

challenges to legal theory offers the reader a fascinating journey through a variety of multi disciplinary topics ranging from law and literature and law and religion to legal philosophy and constitutional law the collection reflects some of the challenges that the field of legal theory currently faces it is compiled by a selection of international and spanish scholars whose essays are made available in english translation for the first time the volume is based on a collection of essays published in spanish in honour of professor josé iturmendi morales of complutense university madrid and brings the rich scholarship of pre eminent spanish scholars of law and legal theory to an international audience

the papers in this volume provide a coherent philosophical study of a group of important and pressing educational issues such as the selection of objectives for less able children the fundamental characteristics of teaching and the integration of the curriculum a thesis on the necessary differentiation of knowledge into logically distinct forms is outlined and is defended against recent philosophical criticisms its implications for curriculum planning are examined with particular reference to the urgent problems of adequately characterizing liberal education and those forms of moral and religious education that are appropriate in maintained schools

a collection of seminal writings on the philosophy of language in our century philosophers have become increasingly

concerned with the relationship between language the mind and the world language has come to be viewed both as a source of puzzlement and as a repository for untapped knowledge the philosophy of language is an attempt to understand the nature of language and to explore the link between what we say and what we intend modern philosophy of language brings together the most significant writings on language in twentieth century philosophy from the work of gottlob frege bertrand russell and the logical positivists to the contemporary contributions of w v o quine noam chomsky and michael dummett the articles collected here are benchmarks in the development of various strands in the modern analytic philosophy of language

gadamer s hermeneutics and the art of conversation covers the nature of dialogue and understanding in hans georg gadamer s linguistically oriented hermeneutics and its relevance for contemporary philosophy this timely collection of essays stresses the fundamental significance of the other for a further development of heidegger s analytics of dasein by recognizing the priority of the other over oneself gadamerian hermeneutics founds a culture of dialogue sorely needed in our multi cultural globalized community the essays solicited for this volume are presented in three thematic blocks hermeneutic conversation hermeneutics aesthetics and transcendence hermeneutic ethics education and politics the volume proposes a dynamic understanding of hermeneutics as putting into practice the art of conversation
