are hundreds of well researched accounts of the fascinating animals that have played vital roles throughout history. Featured animals include Able who flew on a space mission, Bayou Salvador Dali's ocelot companion, and G.I. Joe, a pigeon who saved more than 100 people during World War II. These and many other stories detail the unexpected contributions of our animal companions in settings of war, space travel, stage and screen. The book is organized alphabetically by the given name of each animal and entries feature compelling factual descriptions in a storytelling format.

Selected as a CBCA Children's Book Council of Australia Notable Picture Book of the Year 2017 from award winning Australian author Libby Hathorn and acclaimed illustrator Phil Lesnie, an exquisitely illustrated and deeply moving story of the Somme. A moving story told completely in dialogue about a young Australian soldier in the Battle of the Somme walking through the fields away from the front. He finds what he thinks is a stray dog and decides to adopt it as a mascot for his company. Then he meets Jacques, the homeless orphan boy who owns the dog. The soldier realises that Jacques needs the dog more and perhaps needs his help as well. With stunning illustrations from Phil Lesnie, this is a deeply moving celebration of friendship in times of war. Perfect for Anzac Day and Remembrance Day, *A Soldier, a Dog and a Boy* was inspired by Libby Hathorn's months of research on her uncle who survived Gallipoli but went on to fight at the Battle of the Somme and was killed there in 1917 at just twenty years old.

Computers Thinking and Learning provides teachers with successful strategies for implementing the full potential of ICT in middle and upper school humanities classrooms. It is a practical and innovative resource that has the authentic voice of a teacher and is an inspirational guide for busy teachers across a range of subjects. Each chapter is divided into three parts: the learning and thinking context, classroom strategies and wider applications and suggested activities. Chapter topics encourage greater student involvement in the deeper and more significant processes of thinking and learning: concept mapping, ICT as a thinking and learning tool, oral language, avoiding death by PowerPoint, on-line discussion, a challenge for thinking skills, hypertext, a writing tool for lateral thinking, visual literacies, moving on from text-based learning, responding to student work, can computers help?
