Europe is still a divided continent in the place of a fallen Berlin wall there is a chasm between the east and the west are these differences a communist legacy or do they run even deeper what divides us today to say simply that it is the understanding of the past or a different concept of time is not enough but a visitor to this part of the world will soon discover that we the eastern Europeans live in another time zone we live in the twentieth century but at the same time we inhabit a past full of myths and fairy tales of blood and national belonging and the fact that most people are lying and cheating or that they have the habit of blaming others for every failure an intimate tour of life on the streets of Budapest Tirana Warsaw and Zagreb as those cities continue to acclimatise to the post communist thaw Café Europa does not provide easy solutions or furnish political pallatives rather as a Croatian with a viewpoint of ever widening relevance the value of Slavenka Drakulic's wry and humane observations lie in the emotional force of their honesty and the clarity of their insight

this edited volume provides an innovative contribution to the debate on contemporary european geopolitics by tracing some of the new political geographies and geographical imaginations emergent within and made possible by the eu's actions in the international arena drawing on case studies that range from the arctic to east africa the nine empirical chapters provide a critical geopolitical reading of the ways in which particular places countries and regions are brought into the eu's orbit and the ways in which they are made to work for eu rope the analyses look at how the spaces of eu ropean power and actorness are narrated and created but also at how eu rope's discursive and material strategies of incorporation are differently appropriated by local and regional elites from the southern shores of the mediterranean to eastern europe and the balkans the question of eu border management is a particularly important concern of several contributions highlighting some of the ways in which the union's border work is actively re-making the european space

the last two centuries have seen unprecedented change in the everyday lives of europeans from the napoleonic wars to the end of the cold war from the industrial revolution to the computer revolution many of these changes were greatly influenced by the scientific and technological advances that took place during that period this volume in the daily life through history series examines how science and technology impacted the everyday life of modern europeans in all aspects from of their lives science and technology in modern european life shows how science and technology influenced every aspect of daily life transportation from horse and carriage to the iron horse the locomotive and the horseless carriage communication the expansion of mass culture from the advent of the newspaper and the picture postcard to the development of the internet war and imperialism how european technology enabled the colonization of much of the rest of the world and how the changes in war technology forever altered how war is carried out the home the great changes of household technology and how these changes altered the relationship between men and women

in this latest completely revised women travel anthology rough guides present a whole new crew of writers journalists travellers dreamers and escapists each with a journey to share and a tale to inspire featuring more than 80 adventures around the world women travel tells you what it's like to backpack around india with your mother in tow hitch up with a shepherd in spain set up the ultimate writers retreat on the icefields of antarctica hang out with hippies in the australian rainforest be crowned queen mother of an african village have a girls night out in the kalahari desert and sweat behind the scenes at a caribbean carnival

the political philosophy of the european city is a courageous and wide ranging panorama of the political life and thought of the european city its novel hypothesis is that modern western political thought since the time of hobbes and locke underestimated the political significance and value of the community of urban citizens called *civitas* united by local customs or even a formal or informal urban constitution at a certain location which had a recognizable countenance with natural and man made architectural marks called *urbs* recalling the golden age of the european city in ancient greece and rome and offering a detailed description of its turbulent life in the renaissance italian city states it makes a case for the city not only

as a hotbed of modern democracy but also as a remedy for some of the distortions of political life in the alienated contemporary centralized weberian bureaucratic state overcoming the north south divide or the core and periphery partition the book s material is particularly rich in central european case studies all in all it is an enjoyable read which offers sound arguments to revisit the offer of the small and middle sized european town in search of a more sustainable future for europe

despite the popular view of medieval europe as a dark age of intellectual stagnation scientific and technological achievement thrived during this time as any vacationer to europe knows churches and castles remain lasting testaments to the ingenuity of that period in history through carefully chosen examples which are presented in easily accessible thematic chapters science and technology in medieval european life demonstrates how these two aspects of human achievement far from being ivory tower enterprises impacted the daily life of people in medieval europe these topics will also resonate with modern readers in their own daily lives this reference work begins with an historical introduction that situates medieval science and technology into its social intellectual and religious context among the varied topics found in the chapters are armor making waterwheels and waterpower chimneys stained glass communication technology ship building medicine both academic and village mechanical clocks calendar creation and astrology for those interested in pursuing further research into this area of history the book concludes with a chronology of events a suggested list of further reading and a glossary

the world today series nordic central and southeastern europe is an annually updated presentation of each sovereign country in nordic central and southeastern europe past and present it is organized by individual chapters for each country and presents a complete and authoritative overview of each region s geography people history political system constitution parliament parties political leaders and elections the combination of factual accuracy and up to date detail along with its informed projections make this an outstanding resource for researchers practitioners in international development media professionals government officials potential investors and students now in its 21st edition the content is thorough yet perfect for a one semester introductory course or general library reference available in both print and e book formats and priced low to fit student and library budgets

includes reports etc of the southwest society of the archaeological institutes of america

peter rietbergen portrays europe s history as a series of four grand phases of continuity and change set in the context of political social and economic development he examines its formation the role of religion and foreign influences
