his polemical defense of his beliefs the secret providence of god reflects the boisterous argumentative tone of the reformation era and is calvin s fullest treatment on this most important doctrine unfortunately in recent decades this work has been largely forgotten translator keith goad has modernized the english while preserving a latinized translation style as far as possible paul helm has provided a full introduction discussing the work s background content style and relation to calvin s other writings on providence from publisher description

this particular work by gifford contains six pieces now updated into current modern print the first work is worth the cost of the volume itself it is his treatise on the great mystery of god s providence on genesis 45 8 concerning the historical narrative of joseph coming to power in egypt by god s providence he particularly deals with the question to what degree does the holy and righteous god make use of the evil actions of wicked men and devils without any impeachment of his righteousness and holiness this is a wonderful and masterful treatise that will expand your view of the great mystery of god s providence in the world not only in joseph s time but throughout all of redemptive history including our own time in his second piece he covers james 2 26 so faith without works is dead while comparing both paul s use of justification by faith and james use of justification by works in his third sermon on james 3 he covers the manner in which the christian s speech ought to glorify god and how very often that it does not this is especially proven out by dealing with christians in the church where out of the same mouth comes blessing and cursing in his fourth piece he demonstrates the need and virtue of true fortitude to the glory of god in this he considers the strength and vigor of the christian in all they do in zeal for the glory of christ in his fifth piece on psalm 133 1 he covers the need and commendation of unity in the church the unity of the spirit in the bond of peace as set down by david in the psalm and echoed in ephesians by paul his final piece is an explanation of the parable of the sower from matt 13 1 9 teaching that in the innumerable multitude that came to hear christ s heavenly doctrine the savior shows that out of this great number of people that were so zealous and traveled so far there were three groups out of four that did not profit by his teaching and were therefore still creatures under damnation only one group of the four were true hearers in all these works gifford is very easy to read yet exegetically sound and practically deep

A comprehensive analysis of the doctrine of providence from historical, philosophical, theological, systematic, and practical perspectives.

An exploration of the theology of divine providence that is both critical and constructive in its outcomes.

I will cry unto God most high, unto God that performeth all things for me. Psalm 57:2. The greatness of God is a glorious and unsearchable mystery for the Lord most high is terrible; he is a great king over all the earth. Psalm 47:2. The condescension of the most high God to men is also a profound mystery though the Lord be high yet hath he respect unto the lowly. Psalm 138:6. But when both these meet together as they do in this scripture, they make up a matchless mystery. Here we find the most high God performing all things for a poor distressed creature. It is the great support and solace of the saints in all the distresses that befall them here that there is a wise spirit sitting in all the wheels of motion and governing the most eccentric creatures and their most pernicious designs to blessed and happy issues and indeed it were not worthwhile to live in a world devoid of God and providence.

In his study, Peter Frick starts with the examination of the theocentric structure of Philo's thought as outlined in the important passage *de opificio mundi* 171:2 where Philo correlates the idea of providence with his concept of God and the theory of creation. On this basis, any adequate understanding of providence in Philo must begin with the correlation between the formal aspects of the Philonic concept of God, especially the idea of God's transcendence, and Philo's conceptualization of the idea of providence in light of these formal aspects. In particular, the issue is how Philo can predicate that God is provident in nature although God cannot be apprehended in his essence. Moreover, Philo explains the immanence of God in the cosmos in terms of the *logos* and the divine powers, one of which he specifically characterizes as the providential power. Both the aspects of divine transcendence and immanence cohere in Philo's theory of creation. He conceives of the role of providence in cosmological matters as being responsible for the design, administration, and continuous existence of the created universe. Two further issues, the questions of astral fatalism and theodicy, are critically important for a thorough understanding of Philo's conception of divine providence. Philo rejects the assumption implied in astral fatalism that the stars are transcendent divinities.

and thus have causal powers over human affairs and he rejects astral fatalism because it renders absurd the notion of moral responsibility concerning the question of theodicy philo proceeds from the platonic premise that god is not the cause for evil in any way for him the existence of moral evil exonerates god and his providence as the cause for evil and anchors the blame in the person

god may not come when you want him but he s always right on time my mother and father told me that and rev dr john womack reminds us in vivid detail and testimony about the truth of that saying witnessing the providence of god will encourage inspire and renew your perspective that god is good all the time and all the time god is good rev womack reminds us that there are no accidents when god is involved rev womack is not a theorist when it comes to god s providence he is a practitioner rev womack doesn t just talk about providence he has lived it out his entire life witnessing the providence of god is a must read for anyone who needs direction about seeing god at work in their life rev womack clearly reminds us that how we got over is nothing less than god s good hand at work in our lives rodney l cooper ph d former kenneth and jean hansen chair of discipleship and leadership gordon conwell theological seminary

we ask god to involve himself providentially in our lives yet we cherish our freedom to choose and act employing both theological reflection and philosophical analysis the author explores how to resolve the interesting and provocative puzzles arising from these seemingly conflicting desires he inquires what sovereignty means and how sovereigns balance their power and prerogatives with the free responses of their subjects since we are physically embodied in a physical world we also need to ask how this is compatible with our being free agents providence raises questions about god s fundamental attributes the author considers what it means to affirm god s goodness as logically contingent how being almighty interfaces with god s self limitation and the persistent problems that arise from claiming that god foreknows the future discussion of these divine properties spills over into the related issues of why god allows or even causes pain and suffering why if god is all knowing we need to petition god repeatedly and encounter so many unanswered prayers and how miracles as ways god acts in the world are possible and knowable throughout the author looks at scripture and attends to how providence deepens our understanding of god and enriches our lives

to know that god wisely governs all his creatures and all their actions is one thing but to apply this truth in our own lives is quite a different matter especially when our hopes are disappointed and providence seems to frown with great insight and pastoral wisdom david kingdon helps us to apply lessons from the life of joseph to our own lives he shows that god s people are not lost in a meaningless maze but are safe in the hands of a loving father however mysterious his ways seem at present he has purposed good for his people and will make it plain in his own time even when we feel most at a loss about god s dealings with us he is teaching us lessons which could be learned in no other way kingdon combines the ability to understand the text of scripture with the sensitive heart of a pastor well prepared to be our friend and guide in this area of spiritual experience from the foreword by sinclair b ferguson

having treated elsewhere of god and of providence from a purely speculative point of view we here resume the consideration of these great

questions in their relation to the spiritual life the primary object of contemplation is in fact god himself and his infinite perfections especially his goodness his wisdom and his providence our activity and our progress toward eternity must be directed from the higher plane of this contemplation from this point of view we shall treat here 1 of the existence of god and of his providence 2 of those perfections of god which his providence presupposes 3 of providence itself according to the old and new testaments 4 of a trusting self abandonment to god s providence 5 of providence in its relation to justice and mercy may these pages instill in the minds of those who read them a better understanding of god s infinite majesty and the absolute value of the one thing necessary our last end and sanctification their chief aim will be to insist on the absolute and supremely life giving character of the truth revealed by our lord jesus christ and infallibly proposed to us by the church souls are perishing in the ever shifting sands of the relative it is the absolute they need nowhere will they find it but in the gospel entrusted by jesus christ to his church which has preserved taught and expounded it it has been exemplified in the lives of the best of her children

the aim of this book will be to review and to re assess the augustinian thomist calvinist and barthian doctrines of providence in the light of their intentions and in the perspective of the twentieth century interpretation of providence we shall begin with a consideration of the biblical doctrine of providence which all four theologians believed they were interpreting all thought that god watches over his own as psalm 121 indicated behold he who keeps israel will neither slumber nor sleep hence the title of this book the vigilant god introduction
