this work is a simple introduction to the intellectual challenges presented by law in the western secular tradition written by one of britain s most revered and eminent scholars of law the text discusses branches of the law such as contracts property torts criminal law and interpretation it also covers the moral and historical aspects of law such as justice obedience and the differences between civil and common law systems

this book is exceptional in the sense that it provides an introduction to law in general rather than the law of one specific jurisdiction and it presents a unique way of looking at legal education it is crucial for lawyers to be aware of the different ways in which societal problems can be solved and to be able to discuss the advantages and disadvantages of different legal solutions in this respect being a lawyer involves being able to reason like a lawyer even more than having detailed

knowledge of particular sets of rules introduction to law reflects this view by focusing on the functions of rules and on ways of arguing the relative qualities of alternative legal solutions where positive law is discussed the emphasis is on the legal questions that must be addressed by a field of law and on the different solutions which have been adopted by for instance the common law and civil law tradition the law of specific jurisdictions is discussed to illustrate possible answers to questions such as when the existence of a valid contract is assumed

law touches every aspect of our daily lives and yet the main concepts terms and processes of the legal system remain obscure to many this very short introduction in its third edition provides a lucid accessible guide to modern legal systems considering a number of social and political events that have had an impact on the law

a lawyer s view of the institutions and practices of law in society for students beginning or considering the study of law

this book introduces legal problem solving and provides an understanding of the language of law it also surveys the structure of the legal system in canada the sources of our laws and the distinction between public and private law

this book provides an introduction to the american legal system for a broad readership its focus is on law in practice on the role of the law in american society and how the social context affects the living law of the united states it covers the institutions of law creation and application law in american government american legal culture and the legal profession american criminal and civil justice and civil rights clearly written the book has been widely used in both undergraduate and graduate courses as an introduction to the legal system it will be useful too to a general audience interested in understanding how this vital social system works this new edition follows the same basic structure as applied in the previous editions providing a thorough revision and reworking of the text this edition reflects upon what has happened in the years since the first edition was published in 1985 and how these events and evolutions have shaped our fundamental comprehension of the workings of the american legal system today

simultaneously published in the usa and canada

this book engages with a traditional yet persistent question of legal theory what is law however instead of attempting to define and limit law the aim of the book is to unlimit law to take the idea of law beyond its conventionally accepted boundaries into the material and plural domains of an interconnected human and nonhuman world against the backdrop of analytical jurisprudence the book draws theoretical connections and continuities between different experiences spheres and modalities of law taking up the many forms of critical and socio legal thought it presents a

broad challenge to legal essentialism and abstraction as well as an important contribution to more general normative theory reading crystallising and extending themes that have emerged in legal thought over the past century this book is the culmination of the author s 25 years of engagement with legal theory its bold attempt to forge a thoroughly contemporary approach to law will be of enormous value to those with interests in legal and socio legal theory

this complete introduction to law places emphasis on ethics and international issues showing readers how to engage in ethical analytical reasoning with every topic from legal fundamentals to areas of substantive law the features of this book encourage readers to apply critical thinking organizational and summation skills and legal research tools to solve specific legal problems key topics the american court system criminal law and ethics contracts and e commerce family law real and personal property agency employment and equal opportunity law intellectual property and internet law and administrative law consumer investor and environmental protection market for paralegals legal assistants lawyers and all legal professionals

now in its third edition an introduction to law and legal reasoning continues to be the ideal go to for the first year law student it is a short practical book that introduces beginning law students and others to contemporary law and legal reasoning by presenting these topics through various discussions of cases and examples it provides students with a solid source to reference for years to come

this innovative text offers a combined approach covering legal systems skills and employability to provide an academic and practical foundation for the study of law and life as a professional

the brussels i regulation is by far the most prominent cornerstone of the european law of international civil procedure every practitioner in the international field has to work with it and its importance is still growing the first edition of this full scale article by article commentary found a very warm reception this new edition brings the book up to date incorporating a host of developments in the four years since its first appearance combines in depth analysis with a genuine and truly european perspective authored by top experts from all over europe covers the jurisprudence of the ecj and of the member states and integrates thorough discussion of the pending proposal for a brussels ibis regulation this truly european commentary offers invaluable guidance for lawyers judges and academics throughout europe
