this set offers a comprehensive collection of papers on this significant discipline published in two parts with new introductions to the individual volumes by the editor this is an invaluable tool for any researcher in this area

Professor vs Campaigner Confirming Policy Politics in India is an illuminating treatise that explores the evolving interplay between scholarly ideals and

pragmatic political strategies in the realm of indian governance this profound work delves into the distinct yet interconnected worlds of academic theorists who advocate for policy rooted in rigorous research and political campaigners who emphasize the importance of populist approaches grounded in immediate practical needs through incisive case studies and analysis of contemporary policy discourse the book unveils how policy is forged not merely through academic insight but tempered by the urgency and complexity of political realities it thoughtfully navigates the delicate balance between intellectual aspiration and electoral demands illustrating how these forces though seemingly at odds must coexist to address india s unique socio political challenges professor vs campaigner thus serves as a rich discourse on the nature of indian policymaking providing readers with a discerning lens into how policies are shaped through a dynamic synthesis of high theory and political necessity this book stands as an essential contribution to understanding how governance and development in india are molded by the constant negotiation between lofty ideals and the pragmatism of lived experience

advanced practice nursing essential knowledge for the profession fifth edition is a core advanced practice text used in both master s level and dnp programs this text is centered around a compilation of existing chapters from a variety of high level jones bartlett learning works creating a comprehensive and well rounded resource for the advanced practice nursing student

in human rights adjudication courts sometimes face issues that they lack the expertise or constitutional legitimacy to resolve one way of dealing with such issues is to defer or accord a margin of appreciation to the judgments of public authorities this raises two important questions what devices courts should use to exercise deference and how deference can be made more workable for judges and predictable for litigants combining in depth conceptual analysis with practice in a broad range of jurisdictions deference in human rights adjudication answers these questions it introduces six devices for deference namely the burden of proof standard of proof standard of review giving of weight choice of interpretation and choice of remedy analyzes how courts should choose amongst them and proposes techniques for rendering deference practicable the book has two distinctive features first it engages with the jurisprudence of six common law jurisdictions that apply a structured proportionality test in rights adjudication namely canada hong kong ireland israel new zealand and the united kingdom second it offers guidelines for judges who wish to apply its theoretical arguments as such deference in

human rights adjudication will enable human rights adjudication to be more principled and in line with the rule of law and separation of powers insightful and pioneering this book will be an important reference for researchers teachers and students of constitutional theory comparative constitutional law and human rights law around the world it will also assist practitioners judges and policymakers who have to grapple with issues of deference in adjudication

this text provides an analysis of the key debates in public health discussing policy options and commenting on current initiatives in the field

in twelve essays influential scholars in political science explore the meaning of political leadership from the kaleidoscopic perspectives of the leaders institutions goals procedures problems and traditions involved the approaches as varied as the subject itself coalesce around the central question of how leaders interact with transform or are controlled by the organizations they lead

education is intimately connected to many of the most important and contentious questions confronting american society from race to jobs to taxes and the competitive pressures of the global economy have only enhanced its significance elementary and secondary schooling has long been the province of state and local governments but when george w bush signed into law the no child left behind act in 2002 it signaled an unprecedented expansion of the federal role in public education this book provides the first balanced in depth analysis of how no child left behind nclb became law patrick mcguinn a

political scientist with hands on experience in secondary education explains how this happened despite the country's long history of decentralized school governance and the longstanding opposition of both liberals and conservatives to an active reform oriented federal role in schools his book provides the essential political context for understanding nclb the controversies surrounding its implementation and forthcoming debates over its reauthorization how the struggle to define the federal role in school reform took center stage in debates over the appropriate role of the government in promoting opportunity and social welfare he places the evolution of the federal role in schools within the context of broader institutional ideological and political changes that have swept the nation since the 1965 elementary and secondary education act chronicles the concerns raised by the 1983 report a nation at risk and shows how education became a major campaign issue for both parties in the 1990s mcguinn argues that the emergence of swing issues such as education can facilitate major policy change even as they influence the direction of wider political debates and partisan conflict mcguinn traces the republican shift from seeking to eliminate the u s department of education to embracing federal leadership in school reform then details the negotiations over nclb the forces that shaped its final provisions and the ways in which the law constitutes a new federal education policy regime against which states have now begun to rebel and that only by understanding the unique dynamics of national education politics will reformers be able to craft a more effective national role in school reform
