this book examines the complex relationship between the state and civil society and the impact that this has had on democratization processes in nigeria from colonial times to the present expanding notions of democracy the author builds a theoretical understanding of civil society to show how it can be both antithetical to and an ally of the state in the struggle for democratization combining the neo gramscian framework with discursive perspectives from habermas and foucault the book takes a dialectical approach that traces the incarnations of the state and civil society and relates the mutual connections of the two spaces this book will be of interest to scholars of african politics democratization and civil society

examines nigeria s challenges with consolidating democracy and the crisis of governance arising from structural errors of the state and the fundamental

contradictions of the society in nigeria s fourth republic

this book provides a comprehensive analysis of the lives challenges and aspirations of street children across different regions of nigeria drawing on insights from a range of disciplines and research methods including extensive fieldwork and interviews as well as quantitative analysis the book assesses the socio economic cultural and structural factors that contribute to the prevalence of street children in nigerian cities the book considers themes such as categorization socio economic and health challenges substance abuse public perceptions and the roles of government and community interventions it assesses the effectiveness of current policies and interventions before proposing innovative solutions for rehabilitating and reintegrating street children into society this book s comprehensive yet localized account of nigeria s street children across different regions and urban contexts will be of interest to researchers across the fields of sociology urban studies public health social work development and policy studies as well as practitioners and policy makers looking for actionable recommendations

nigeria s agri food sector is one of the largest and most complex in sub saharan africa encompassing diverse crops regions actors and markets with agriculture contributing approximately 24 to the national gdp and employing over 70 of the rural workforce cbn nd the sector plays a central role in livelihoods food security and inclusive growth within this sector agri food value chains constitute the connective tissue that links smallholder farmers processors traders input suppliers and consumers both within the domestic economy and across international markets nigeria s agricultural output is predominantly driven by staple food crops such as maize rice and cassava while export oriented value chains like cocoa provide significant foreign exchange and economic diversification potential these chains vary widely in terms of modernization capital intensity and integration into digital financial services staple crop chains are typically domestic facing and labor intensive offering high employment shares and deep linkages with poverty alleviation export oriented chains although narrower in farmer reach tend to offer higher margins foreign earnings and exposure to quality standards and global market dynamics

the book explores the evolving economics of gold as a global commodity as well as the production and trade of gold in and from the african continent the growth of gold as an increasingly important and diverse source of african wealth is examined alongside the impact that the rise of china in the 21st century has had on the demand for gold the volatility of the gold price has increased as a result of the dramatic decline of gold demand for manufacturing purposes gold is africa s second largest export after oil and is a perfect metaphor for a continent rich in resources while so much of its population lives in such dire poverty the artisanal and small scale gold mining asgm sector is surprisingly widely perceived as being beneficial to the development of africa despite its exploitation and dreadful health and environmental consequences african gold production trade and economic development considers policy issues regarding the gold mining sector the economics of beneficiation the retreat of jewelry manufacturing across the

continent as well as africa's golden future it is a relevant book for both academics and policymakers interested in africa natural resource and development economics

nigeria is the beauty sound vision passion and the soul of the african continent in nigeria the nigeria pentecostal charismatic movement possesses a distinctive flair that demands a holistic understanding of the movement's historical cultural fundamental and religious dimensions in a multifarious religious landscape the disquisition of the movement's political cognizance identity power authority theology popular culture ethics and missiological impact in northern nigeria presents a fine embroidery of their trials frustrations and challenges but inveterate in faith hope and love that opens up innovative panoramas of peaceful dialogical prospects and coexistence between christians and muslims in northern nigeria in nigeria politics religion pentecostal charismatic power and challenges akintayo emmanuel reconnoiters the complex missiological hindrances challenging the nigerian pentecostal charismatic movement publisher

tsetse flies genus glossina occur in sub saharan africa where they transmit trypanosomosis a group of parasitic diseases that affect both animals and humans tsetse and trypanosomosis are a constant drain on the resources of poor african livestock keepers and they also impose a public health burden comprehensive data on the geographic distribution of tsetse flies is crucial to design evidence based and cost effective strategies against animal trypanosomoses and it is also important in eliminating the human form of the disease despite this the latest maps of tsetse distribution in africa were published several decades ago the present publication provides an update on the geographical distribution of tsetse flies in africa a total of 669 scientific publications spanning a period of 31 years 1990 2020 provided the input data and almost 7 400 distinct geographical locations were mapped tsetse flies were recorded from a maximum latitude of 15 north in senegal to a minimum of 28 5 south in south africa data coverage is uneven and no eligible publication was found for burundi guinea bissau liberia sierra leone or somalia a dearth of information also affects a few other countries such as angola the congo the democratic republic of the congo and south sudan at the level of tsetse species relatively abundant data were identified for the species of major veterinary and public health importance especially of the riverine palpalis and savannah morsitans groups by contrast limited information is available on many species of the forest fusca group the continental atlas of tsetse flies in combination with the upcoming component on animal trypanosomosis can be used by policy makers practitioners and scientists engaged in the control and elimination of tsetse flies and trypanosomosis in africa it also provides a blueprint for national authorities to develop country level information systems i e national atlases to assist planning and monitoring of control activities at the national and local levels

a fortnightly bulletin on financial and political trends

genocide in the middle east describes the genocide of the armenians greeks and assyrians of the ottoman empire in the nineteenth and early twentieth centuries of the kurds and other persons living under saddam hussein in northern iraq in the late 1980s and of the dinka nuba fur masalit and zaghawa peoples of sudan from the 1970s to the present it situates these crimes in their historical context as outgrowths of intolerant religious traditions imperialism and the rise of the nation state cold war insurgencies and counterinsurgencies and the global competition for resources and markets at the expense of indigenous peoples this requires a more thorough investigation of the case law on genocide than has been attempted in the literature on genocide to date including detailed accounts of the prosecutions of the leaders of the ottoman empire after world war i of saddam hussein and other iraqi officials after operation iraqi freedom and of president omar hassan al bashir and other leaders of sudan by the international criminal court finally the book explores emerging problems of genocidal terrorism cultural genocide and structural genocide due to starvation disease and displacement the field of genocide studies has grown rapidly in recent years fueled by interest in the armenian genocide the wars in the former yugoslavia and iraq and the widespread massacres in southern sudan and darfur while several comparative studies of the armenian genocide the holocaust and other genocides have been published none of them focuses on genocide in the middle east and north africa since the nineteenth century this book provides a comprehensive history of genocide in the broader islamic world with a particular focus on the twentieth century it is of interest to general readers undergraduates graduate students academics journalists and legal professionals and will be useful as a text for courses on international law international criminal law law and religion middle east studies international relations public policy criminal justice or world history the comprehensive research is breath takingly evident this historical account of the lesser know genocidal conflicts is incredibly revealing perhaps the best thing one could say about this book is that the familiar adage those who ignore history are bound to repeat it reverberates throughout this intensely engaging volume asil un21 newsletter this ambitious book in its research and coverage tells a sorry tale of mankind s inhumanity and intolerance over millennia of genocidal deeds and rhetoric a fast moving narrative reaches from biblical times to darfur describing tragic events accompanied by selective quotations from their participants and observers genocide may be a recently invented term but its occurrences based on a variety of causes and reasons seem to have been a deep part of the human experience of group interactions henry steiner professor of law emeritus harvard law school and co author international human rights in context law politics morals oxford and new york oxford university press 3d ed 2007 in genocide in the middle east hannibal travis breaks new ground in genocide studies by unveiling the full panoply of genocidal processes in the middle east and west asia as no previous scholar has but he does much more in terms of its twentieth and twenty first century coverage this is simply the most expansive detailed and up to date history of genocide we possess adam jones associate professor political science university of british columbia okanagan and author of genocide a comprehensive introduction london routledge 2006 professor travis study of genocide and the contribution he makes for a better understanding of the assyrian one is an invaluable event this is not a book of sociology but of historical review and analysis as such it deserves the highest of accolades journal of assyrian academic studies

available on online version
