thousands of students graduate from university each year the lucky few have the rest of their lives mapped out in perfect detail but for most things are not nearly so simple armed with your hard earned degree the possibilities and career paths lying before you are limitless and the number of choices you suddenly have to make can seem bewildering life after an art design degree has been written specifically to help students currently studying or who have recently graduated make informed choices about their future it will be source of invaluable advice and wisdom to graduates of creative subjects whether you wish to directly use your degree or not covering such topics as identifying a career path that interests you from advertising to interior design seeking out an opportunity that matches your skills and aspirations staying motivated and pursuing your goals networking and self promotion making the transition from scholar to worker the life after university series of books are more than simple career guides they are unique in taking a holistic approach to career advice recognising the increasing view that although a

successful working life is vitally important other factors can be just as essential to happiness and fulfilment they are the indispensable handbooks for students considering their future direction

thousands of students graduate from university each year the lucky few have the rest of their lives mapped out in perfect detail but for most things are not nearly so simple armed with your hard earned degree the possibilities and career paths lying before you are limitless and the number of choices you suddenly have to make can seem bewildering life after social studies has been written specifically to help students currently studying or who have recently graduated make informed choices about their future lives it will be a source of invaluable advice and wisdom to business graduates whether you wish to use your degree directly or not covering such topics as identifying a career path that interests you seeking out an opportunity that matches your skills and aspirations staying motivated and pursuing your goals networking and self promotion making the transition from scholar to worker putting the skills you have developed at university to good use in life the life after series of books are more than simple career guides they are unique in taking a holistic approach to career advice recognising the increasing view that although a successful working life is vitally important other factors can be just as essential to happiness and fulfilment they are the indispensable handbooks for students considering their future direction

first published in 2000 this is the fourth edition of a handbook that has already become well known to many academic staff its popularity rests on the way it presents ideas about teaching and learning underpinned by research findings but in a form that provides detailed helpful advice for teachers in higher education the handbook could be used to support any of the many training programmes being introduced into colleges and universities around the world as indeed previous editions have already done the various chapters focus on the specific skills that are dealt with in such programmes large group and small group teaching methods of assessment and so on they also include advice on how to present conference papers an area where advice seems sorely lacking
