the three concepts central to this volume practice learning and change have received very different treatments in the educational literature an oversight directly confronted here while learning and change have been extensively theorised their various contexts articulated and analysed practice is notably underrepresented where much of the literature on learning and change takes the notion of practice as an unexamined given its co location as a term with various classifiers as in legal practice and teaching practice render it curiously devoid of semantic force in this book practice is the super ordinate organising idea drawing on what has been termed the practice turn in contemporary theory the work develops a conceptual framework for researching learning in and on practice it challenges received notions of practice questioning the assumptions elisions conflations and silences on the subject in so doing it offers fresh insights into learning and change and how they relate to practice in tandem with this conceptual work the book details site ontological studies of practice and learning in diverse professional and workplace contexts examining the work of occupations as various as doctors chefs and orchestral musicians it demonstrates the value of theorising practice learning and change as well as exploring the connections between them amid our evolving social and institutional structures

a major part of social work education is the agency placement and its importance as a learning opportunity has been widely recognised in recent years this book plays a central role in the preparation of social work students for effective practice

learning through practice lies at the heart of social work education providing the opportunity for students to develop and employ the skills experience and knowledge they need to become effective social workers this exciting new addition to palgrave s practical social work series provides an integrated and user friendly approach to practice learning by putting placements within a broader learning framework rather

than treating placements as an isolated aspect of the social work degree practice learning in social work shows how they are relevant to all aspects of the social work experience divided in to three parts this book s pragmatic approach mirrors students own journey as they progress from preparation for practice through to actual experience and then beyond this to support personal and professional development right up to qualification as a newly qualified social worker with a strong emphasis on service users and carers as central stake holders practice learning in social work illustrates the practical nature of the profession with realistic case scenarios based on real life learning experiences reflective learning exercises and practice led research references throughout progress checklists linked to the professional capabilities framework also provide readers with the opportunity to assess their own strengths and learning needs
