Schools in 45 states now administer annual standardized tests designed to gauge children's proficiency in reading and in many cases to determine who gets promoted and who doesn't. These latest volumes in the critically acclaimed *Get Ready for Standardized Tests* series arm parents with proven tools and techniques to help assess their children's basic reading skill levels, pinpoint their specific problem areas, reinforce their proficiency, gauge their progress, and instill them with the confidence and test-taking know-how needed to shine on virtually any standardized test.

If students need to know it, it's in this book. This book develops the English and reading comprehension skills of third graders; it builds skills that will help them succeed in school and on the Virginia Standards of Learning Assessments. Why? The Princeton Review. We have more than twenty years of experience helping students master the skills needed to excel on standardized tests. Each year we help more than 2 million students score higher and earn better grades. We know the Virginia Standards of Learning SOL Assessments. Our experts at the Princeton Review have analyzed the Virginia SOL English Reading Assessment, and this book provides the most up-to-date, thoroughly researched practice possible. We break down the test into individual skills to familiarize students with the test's structure while increasing their overall skill level. We get results. We know what it takes to succeed in the classroom and on tests. This book includes strategies that are proven to improve student performance. We provide content review based on Virginia Standards and Objectives, detailed lessons complete with skill-specific activities, two practice Virginia SOL English Reading Assessments, and more. A comprehensive introduction to middle school teaching, this textbook focuses explicitly on instructional strategies that encourage adolescents to become active participants in their own learning within a world of accountability and standardized testing. The author, an experienced middle school teacher and teacher educator, takes a constructivist approach to teaching that considers the whole child, including the emotional, psychological, social, and cultural variables uniquely associated with adolescence. The text examines the full range of middle school topics, from the development and diversity of middle school learners to the structures, curriculum, and management of the classroom itself. Special features include empowering middle school students to take ownership of their learning, teaching scenarios, key points, and creating an anti-oppressive atmosphere in your classroom. Textboxes help teachers gain a clearer understanding of content presented and encourage them to become reflective practitioners. Callouts throughout explicitly link chapter content to NMSA standards. Discussion of the unique challenges of actively engaging bilingual students, special needs students, and students exhibiting antisocial behavior. Accounts about middle school students illustrate the ways adolescents think about school and learning. A chapter that focuses on ways teachers can apply the general teaching strategies to specific subject areas. Sample lesson plans, focus questions, chapter summaries, journal entries, and student activities assignments are included throughout to encourage readers to

actively participate with the text
