the edited book brings together country experts on populism ethno territorial politics and party competition it consists of twelve empirical chapters covering seven western european states austria belgium france italy spain switzerland and the uk as well as four central european states croatia hungary serbia and poland it is a collaboration by scholars from across europe which contributes to the growing literature on populism by focusing on a relatively unexplored research agenda the intersection of territoriality ethno politics and populism presenting an original perspective contributing experts use case studies to highlight the territorial dimension of populism in different ways and identify that a deeper understanding of the interactions between populist actors and ethno territorial ideologies is required this book will be of interest to academics researchers and students of european politics populism and ethno territorial politics

when human beings are at their worst as they most certainly were in rwanda during the 1994 genocide the world needs the institutions of journalism and the media to be at their best sadly in rwanda the media fell short media and mass atrocity revisits the case of rwanda but also examines how the nexus between media and mass atrocity has been shaped by the dramatic rise of social media it has been twenty five years since rwanda slid into the abyss the killings happened in broad daylight but many of us turned away a quarter century later there is still much to learn about the relationship between the media and genocide an issue laid bare by the rwanda tragedy media and mass atrocity revisits the debate over the role of traditional news media in rwanda where confronted by the horrors taking place international news media for the most part turned away and at times muddled the story when they did pay attention hate media outlets in rwanda played a role in laying the groundwork for genocide and then actively encouraged the extermination campaign the news media not only failed to fully grasp and communicate the genocide but mostly overlooked the war crimes committed during the genocide and in its aftermath by the rwandan patriotic front the global media landscape has been transformed since rwanda we are now saturated with social media generated as often as not by non journalists mobile phones are everywhere and in many quarters the traditional news media business model continues to recede against that backdrop it is more important than ever to examine the nexus between media and mass atrocity the book includes an extensive section on the echoes of rwanda which looks at the cases of darfur the central african republic myanmar and south sudan while the impact of social media as a new actor is examined through chapters on social media use by the islamic state and in syria and in other contexts across the developing world it also looks at the aftermath of the genocide the shifting narrative of the genocide itself the evolving

debate over the role and impact of hate media in rwanda the challenge of digitizing archival records of the genocide and the fostering of free and independent media in atrocity s wake the volume also probes how journalists themselves confront mass atrocity and examines the preventive function of media through the use of advanced digital technology as well as radio programming in the lake chad basin and the democratic republic of congo media and mass atrocity questions what the lessons of rwanda mean now in an age of communications so dramatically influenced by social media and the relative decline of traditional news media

since the end of the cold war the monopoly of legitimate organized force of many african states has been eroded by a mix of rebel groups violent extremist organizations and self defence militias created in response to the rise in organized violence on the continent african border disorders explores the complex relationships that bind states transnational rebels and extremist organizations and borders on the african continent combining cutting edge network science with geographical analysis the first part of the book highlights how the fluid alliances and conflicts between rebels violent extremist organizations and states shape in large measure regional patterns of violence in africa the second part of the book examines the spread of islamist violence around lake chad through the lens of the violent nigerian islamist group boko haram which has evolved from a nationally oriented militia group to an internationally networked organization the third part of the book explores how violent extremist organizations conceptualize state boundaries and territory and reciprocally how do the civil society and the state respond to the rise of transnational organizations the book will be essential reading for all students and specialists of african politics and security studies particularly those specializing on fragile states sovereignty new wars and borders as well as governments and international organizations involved in conflict prevention and early intervention in the region the open access version of this book available at taylorfrancis com has been made available under a creative commons attribution non commercial no derivatives 4 0 license
