full of practical help and guidance this is a must have for primary trainees on school experience whether they are in a school based or university based teacher training programme it begins by helping trainees to plan their own journey through training and beyond taking control of their own training in this way supports student teachers to approach the course with confidence and secure their first teaching job the book provides guidance on adapting to working in school observing planning and evaluating in school teaching on placement assessing monitoring and reporting on children's progress self evaluation and how to prevent and resolve issues securing the first teaching job and succeeding in the nqt year for student teachers the experience of school based training is exciting but also challenging this book supports them throughout and prepares them for the journey ahead student feedback on this book having been on a variety of teaching placements myself i

know just how daunting and overwhelming experiences in school can be at times even with a supportive mentor by your side hence i felt that this book can smooth out and rectify those worries one may face during a school placement and offers the reader a realistic insight into school experiences in my opinion the most useful chapter by far is the moving on chapter near the end of the book this explains how to conclude a school placement what to expect from an interview and even how to set out a cv for a teaching position this was not something i expected to find in this book however it was very much welcomed and is in fact a very important valuable part of the book this is the type of book you can buy on your very first day of teacher training and use well into your days as a newly qualified teacher
jasmin primary teacher trainee university of northampton

Worked examples, answers to the practice test papers are available free online at hoddereducation.com/cambridgeextras.

The Toxic Classroom offers a wide-ranging look at education today and explores in detail the pressures children experience as a result of constant change, digital technology, and political interference. Beginning with what it is like to be a child in the classroom, the book goes on to provide a detailed analysis of the curriculum, assessment, and accountability, school structures, educating for global citizenship, and the plethora of social issues schools are now expected to solve. Written from the perspective of a successful headteacher with over 30 years' teaching experience, the book considers what needs to be done to put things right and outlines a more equitable and effective school system. Each chapter outlines the steps schools can implement immediately and the longer-term policy changes that are needed to detoxify the classroom and facilitate a genuine love of learning. Offering a challenging yet compelling argument for putting education back into the hands of teachers, this

book will be of great interest both to the general reader and to those working within education such as teachers and professionals who wish to improve the ways in which children learn and develop
