preface it was shortly after i had graduated from the university of cambridge in 1980 with a phd degree specializing in fracture mechanics and failure analysis of materials and structures that i discovered the dire need for this book this undertaking began to take shape in the early 1980s with the middle east aflame devastated by what some viewed as a holy war and with millennialists prophesying the end of days by the year 2000 c e after publishing and co authoring 87 scientific and industrial reports and technical papers many of which were in national and international magazines on the subject of failure analysis of metals and fracture mechanics of aircraft structures i came to realize that consequences of failures of the human spirit are far more devastating than failures of metals and aircraft structures but now at the outset of the 21st century the world is still experiencing turmoil and devastation by wars spreading like wildfire with jews
