a coronavirus known as covid 19 which originated in a chinese city many had never heard of
but has spread to the corners of the earth next time it could well be another infectious
disease from somewhere else twenty years ago it was a group of terrorists trained in
afghanistan and armed with box cutters who commandeered four airplanes and flew them
into buildings and in one case a field and claimed nearly three thousand lives next time it
could be terrorists who use a truck bomb or gain access to a weapon of mass destruction in
2016 hackers in a nondescript office building in russia traveled virtually in cyberspace to
manipulate america s elections now they have burrowed into our political life in recent
years severe hurricanes and large fires linked to climate change have ravaged parts of the
