they have made preparations most rational people would not believe because evidence is suppressed to avoid chaos they want us to remain ignorant or at least to believe that the details are secrets that cannot be known but the coming events and their timing are not secrets years ago this book s publication would not have been tolerated by those in power but by now it doesn t matter much their plans are not going to be interfered with at this point your plans however can still be formulated if you make the choice to understand topics include bible prophecy matthew 24 36 knowing the hour and the day the mayan calendar and mythology pole shifts galactic superwaves ancient egypt ancient india world mythology the georgia guidestones the real star of bethlehem and the exact birthday of christ calculating the second coming and judgment day more
