adaptive social protection asp helps to build the resilience of poor and vulnerable households to the impacts of large covariate shocks such as natural disasters economic crises pandemics conflict and forced displacement through the provision of transfers and services directly to these households asp supports their capacity to prepare for cope with and adapt to the shocks they face before during and after these shocks occur over the long term by supporting these three capacities asp can provide a pathway to a more resilient state for households that may otherwise lack the resources to move out of chronically vulnerable situations adaptive social protection building resilience to shocks outlines an organizing framework for the design and implementation of asp providing insights into the ways in which social protection systems can be made more capable of building household resilience by way of its four building blocks programs information finance and institutional arrangements and partnerships the framework highlights both the elements of existing social protection systems that are the cornerstones for building household resilience as well as the

additional investments that are central to enhancing their ability to generate these outcomes in this report the asp framework and its building blocks have been elaborated primarily in relation to natural disasters and associated climate change nevertheless many of the priorities identified within each building block are also pertinent to the design and implementation of asp across other types of shocks providing a foundation for a structured approach to the advancement of this rapidly evolving and complex agenda

child abuse and neglect forensic issues in evidence impact and management provides an overview of all aspects of child abuse and neglect approaching the topic from several viewpoints first child abuse is considered from both victimization and offending perspectives and although empirical scholarship informs much of the content there is applied material from international experts and practitioners in the field from policing to child safety and intelligence the content is presented to align with university semester timetables in three parts including 1 typologies methods and platforms for abuse 2 impacts and prevention and 3 issues surrounding recognition and management of child abuse this book fills a void in the available university level classroom targeted literature promoting the inclusion of child abuse as a standalone subject within university curricula as such readership includes undergraduate and postgraduate students teachers and wider scholarship as well as practitioners including those from psychology criminology criminal justice and law enforcement presents an up to date approach that tackles child abuse from several viewpoints includes typologies risk and protective factors recognition responses biopsychosocial outcomes public policy prevention institutional abuse children and corrections treatment and management and myths and fallacies provides information on significant advances in knowledge areas such as disclosure the neurological effects of child abuse and neuroplasticity and online and virtual child abuse

many adopted or foster children have complex troubling often painful pasts this book provides parents and professionals with sound advice on how to communicate effectively about difficult and sensitive topics providing concrete strategies for helping adopted and foster children make sense of the past so they can enjoy a healthy well adjusted future approximately one of every four adopted children will have adjustment challenges related to their separation from the birth family earlier trauma attachment difficulties and or issues stemming from the adoption process common complicating issues of adopted children are feelings of rejection abandonment or confusion about their origins while many foster and adoptive parents and even many professionals are reluctant to communicate openly about birth

histories silence only adds to the child's confusion and pain this revised and significantly expanded edition of the award winning *Telling the Truth to Your Adopted or Foster Child* equips parents with the knowledge and tools they need to communicate with their adopted or foster child about their past. Revisions include coverage of significant new research and information regarding the importance of understanding the child's trauma history to his or her well being and successful adjustment in his foster or adoptive family. The authors answer such questions as how do I share difficult information about my child's adoption in a sensitive manner when is the right time to tell my child the whole truth how do I obtain more information on my child's history detailed descriptions of actual cases help the parent or caregiver find ways to discover the truth particularly in closed and international adoption cases organize the information and explain the details of the past gently to a toddler child or young adult who may find it frightening or confusing
