phytotherapy or herbal medicine is the most important therapy within chinese medicine and is being used increasingly in the west a materia medica for chinese medicine plants minerals and animal products describes 400 of the most important plants minerals and animal substances used as treatments by chinese medical practitioners the items included have been selected according to their degree of clinical relevance each remedy is clearly described and illustrated on two facing pages making this an easily accessible reference for both students and practitioners of chinese herbal medicine the clearly laid out text presents the following details for each herb or substance included a detailed description of the characteristic features indications for safe use medicinal and toxic effects possible combinations with other substances full colour illustrations generally two for each substance showing the detailed characteristics of the item described a materia medica for chinese medicine has been written by two medically trained doctors who have worked as tcm therapists specializing in the use of chinese herbs for more than 30 years based on their many years of teaching and practice the book has been carefully compiled and designed to provide a concise and accurate practice

based reference for both students and practitioners

essentials of chinese materia medica and medical formulas new century traditional chinese medicine presents specific knowledge about the source medicinal nature action and application of more than 800 commonly used chinese materia medica as well as the efficacy and application of more than 740 kinds of commonly used chinese medical formulas notably all of the content is presented in table form making the information easier to access understand and apply each primary herbal medicine is introduced with color pictures and each primary formula is presented with efficacy analysis pictures the book provides readers with essential information on chinese materia medica and formulas and how to use them accurately including the most common chinese materia medica used in clinics and in commonly used clinical formulas this is an essential reference for traditional medical professionals and those interested in traditional chinese medicine including advanced undergraduate and postgraduate students includes over 800 chinese materia medica and 740 medical formulas with their essential information combines 514 color pictures of medicine material crude slices and 255 formulary efficacy analysis pictures organized with concise forms facilitating understanding and memorization

chinese materia medica chemistry pharmacology and applications provides comprehensive and up to date information on the chemistry and pharmacology of commonly used chinese herbs it gives an in depth profile of the traditional experience of chinese materia medica with modern scientific explanations it also features the theories and concepts of chinese materia medica from the western medical perspectives and the sources production and quality control of chinese materia medica this book can be used both as a reference book and a textbook for specialized university and on the job training courses it is essential reading for all students and practitioners of traditional chinese medicine it should also be of interest to those in education and research in natural products pharmaceutical sciences and medicine

one of the cornerstones of traditional chinese medicine tcm herbal medicine has evolved over centuries of clinical practice and empirical results into a vast body of knowledge encompassing more than 6 000 substances most of whose effects and uses have been documented and researched the literature on chinese medicinal herbs is unparalleled and unsurpassed in the world s medical knowledge the earliest known pharmacological work was composed before the end of the third century b c the first classical chinese materia medica appeared during the late han dynasty 25 22 a d and included 365 entries of botanical zoological and mineral substances listing their properties and effects subsequent materia medica were assembled during virtually every dynasty from the liang 456 536 a d to the qing 1645 1911 among the major treatments published during these centuries was the 30 volume materia medica arranged according to pattern which had 1558 entries more than 3 000 formulae and became the official pharmacopoeia of herbal medicine in china for 500 years n illustrated chinese materia medica brings to the english language a lavishly illustrated atlas of the 320 herbs used most frequently in traditional chinese medical practice each substance is profiled authoritatively in monographs that provide pharmaceutical botanical and english names flavor properties and channel tropisms functions clinical uses and major combinations dosage and administration and precautions intended for medicinal and

pharmaceutical chemists as well as practitioners of homeopathic and alternative medicines this materia medica offers a unique blend of authenticity that is derived from knowledge of classical chinese literature with a clearly practical objective of presenting valuable information in a straightforward easily comprehensible style

dr e a farrington s clinical materia medica is more than 100 years old book and what a gem it is though it is a very nicely written book it is not as popular as kent s lectures on materia medica so we at b jain decided to revamp this jewel

dr david s riley s interest in the research and subsequently the history and methodology of homeopathic drug provings began with his medical school training in 1979 and a residency in internal medicine he was exposed to homeopathy in 1988 followed by study at the hahnemann college of homeopathy in albany california he has investigated the interplay between contemporary research methods and the research methods associated with homeopathic drug provings dr riley has developed research tools for data collection symptom selection criteria and blinding primarily to address the risk of bias the homeopathic drug provings published here are the result of this work for the 3rd edition twelve homeopathic drug provings conducted by a number of internationally renowned proving directors have been added these homeopathic drug provings all follow good clinical practice gcp research guidelines and incorporate the guidelines suggested by dr samuel hahnemann more than 200 years ago

this book chinese materia medica is going to introduce about more than 300 chinese medicinal substances with illustrations and botanical pictures including information on the source explanation of name habitat collection processing properties entered channels characteristics actions clinical applications dosage administration cautions contraindications ingredients and pharmacological research its aim is to show the herbs from as many aspects as we could the traditional development and the contemporary new findings the cultural legacy and the scientific evidence the positive side and the negative side we are sorry that the dvd content are not included

in this book well proved drugs are selected symptoms are collected from well known materia medicas symptoms are arranged from generals to particulars

the young author has tried to visualise the symptoms of medicines making the difficult subject materia medica easy to understand and remember

the new 3rd edition of chinese herbal medicine materia medica is designed to give practitioners the information they need to practice chinese herbal medicine with greater understanding and confidence it provides a wealth of new information more than twice the content of the previous edition and practical insight into more than 530 of the most commonly used herbs in the chinese pharmacopoeia

traditional chinese medicines such as the practice of herbal medicine and acupuncture are becoming widely accepted alternative medical treatments in the medical field outside china nevertheless the terminology and usage many of which are not even understood among present day chinese always pose a challenge to the practitioner this lexicon makes possible the speedy identification of chinese materia medica approximately 2 000 species of plants 135 species of animals and 110 kinds of minerals and other chemicals used in traditional chinese medicine are included listed alphabetically are the english chinese scientific and pharmaceutical names of the chinese drugs this book has been a useful reference for natural and medical scientists since its publication in 1980 about 50 new chinese drugs have been added to this new and revised edition

an interesting way to study materia medica in a schematic fashion it has mnemonics memorising tips which will help the students in examinations

a brief materia medica derived primarily from the works of boger with additions a bit more readable than boericke summaries of the remedies contains useful details

dr n m choudhuri s materia medica needs no introduction however b jain publishers in their continuing quest to improve the 21st century homoeopathy have brought about a few changes in this edition which were felt to be long since over due
