the transmission of buddhism from india to china was one of the most significant cross cultural exchanges in the premodern world this cultural encounter involved more than the spread of religious and philosophical knowledge it influenced many spheres of chinese life including the often overlooked field of medicine analyzing a wide variety of chinese buddhist texts c pierce salguero examines the reception of indian medical ideas in medieval china these texts include translations from indian languages as well as chinese compositions completed in the first millennium c e translating buddhist medicine in medieval china illuminates and analyzes the ways chinese buddhist writers

understood and adapted Indian medical knowledge and healing practices and explained them to local audiences the book moves beyond considerations of accuracy in translation by exploring the resonances and social logics of intercultural communication in their historical context presenting the Chinese reception of Indian medicine as a process of negotiation and adaptation this innovative and interdisciplinary work provides a dynamic exploration of the medical world of medieval Chinese society at the center of Salguero's work is an appreciation of the creativity of individual writers as they made sense of disease health and the body in the context of regional and transnational traditions by integrating religious studies translation studies and literature with the history of medicine translating Buddhist medicine in medieval China reconstructs the crucial role of translated Buddhist knowledge in the vibrant medical world of medieval China

In the early 400s numerous Indian and Central Asian Buddhist meditation masters Chanshi traveled to China where they established the first enduring traditions of Buddhist meditation practice in East Asia the forms of contemplative practice that these missionaries brought with them and which their Chinese students further developed remained for several centuries the basic understanding of meditation Chan in China although modern scholars and readers have long been familiar with the approaches to meditation of the Chan Zen school that later became so popular throughout East Asia these earlier and in some ways more pervasive forms of practice have long been overlooked or ignored this volume presents a comprehensive study of the content and historical formation as well as complete English translations of two of the most influential manuals in which these approaches to Buddhist meditation are discussed the scripture on the secret essential methods of Chan Chan Essentials and the secret methods for curing Chan sickness methods for curing translated here into English for the first time these documents reveal a distinctly visionary form of Buddhist meditation whose goal is the acquisition of concrete symbolic visions attesting to the practitioner's purity and progress toward liberation both texts are apocryphal scriptures taking the form of Indian Buddhist sutras translated into Chinese they were in fact new compositions written or at least assembled in China in the first half of the fifth century though written in China their historical significance extends beyond the East Asian context as they are among the earliest written sources anywhere to record certain kinds of information about Buddhist meditation that hitherto had been the preserve of oral tradition and personal initiation to this extent they

indeed divulge as their titles claim the secrets of buddhist meditation through them we witness a culture of buddhist meditation that has remained largely unknown but which for many centuries was widely shared across north india central asia and china

what is buddhist meditation what is going on and what should be going on behind the closed or lowered eyelids of the buddha or buddhist adept seated in meditation and in what ways and to what ends have the answers to these questions mattered for buddhists themselves focusing on early medieval china this book takes up these questions through a cultural history of the earliest traditions of buddhist meditation chan before the rise of the chan zen school in the eighth century in sharp contrast to what would become typical in the later chan school early chinese buddhists approached the ancient buddhist practice of meditation primarily as a way of gaining access to a world of enigmatic but potentially meaningful visionary experiences in chan before chan eric greene brings this approach to meditation to life with a focus on how medieval chinese buddhists interpreted their own and others visionary experiences and the nature of the authority they ascribed to them drawing from hagiography ritual manuals material culture and the many hitherto rarely studied meditation manuals translated from indic sources into chinese or composed in china in the 400s greene argues that during this era meditation and the mastery of meditation came for the first time to occupy a real place in the chinese buddhist social world heirs to wider traditions that had been shared across india and central asia early medieval chinese buddhists conceived of chan as something that would produce a special state of visionary sensitivity the concrete visionary experiences that resulted from meditation were understood as things that could then be interpreted by a qualified master as indicative of the mediator s purity or impurity buddhist meditation though an elite discipline that only a small number of chinese buddhists themselves undertook was thus in practice and in theory constitutively integrated into the cultic worlds of divination and repentance chanhui that were so important within the medieval chinese religious world as a whole
