learning in the arts does not fit in with simple conventional methodologies for teaching and assessing in the traditional sense but it has an immense power to transform children s understanding of the world around them and their lives many jobs currently and of the future will demand the skills that learning in the arts will develop this book brings arts education sharply into focus as a meaningful learning experience for children of pre school and primary age 3 11 years it reinforces the potential for the wide range of physical mental and emotional development through learning opportunities that engagement in arts practice facilitates provides insight into how teachers can support children to consider contemporary challenges that face their generation includes expert voices from the world of education to demonstrate an expansive and perhaps surprising view of where and how the arts can be found shows how we can bring the arts so easily into our curriculum and into our classrooms

in many us courts and internationally family law cases constitute almost half of the trial caseload these matters include child abuse and neglect and juvenile delinquency as well as divorce custody paternity and other traditional family law issues in this book the authors argue that reforms to the family justice system are necessary to enable it to assist families and children effectively the authors propose an approach that envisions the family court as a care center by blending existing theories surrounding court reform in family law with an ethic of care and narrative practice building on conceptual procedural and structural reforms of the past several decades the authors define the concept of a unified family court created along interdisciplinary lines a paradigm that is particularly well suited to inform the work of family courts these

prior reforms have contributed to enhancing the family justice system as courts now can shape comprehensive outcomes designed to improve the lives of families and children by taking into account both their legal and non legal needs in doing so courts can utilize each family s story as a foundation to fashion a resolution of their unique issues in the book the authors aim to strengthen a court s problem solving capabilities by discussing how incorporating an ethic of care and appreciating the family narrative can add to the court s effectiveness in responding to families and children creating the court as a care center the authors conclude should lie at the heart of how a family justice system operates the authors are well known figures in the area and have been involved in family court reform on both a us national and an international scale for many years
