priestly ministry in the church of england needs a radical rethink george herbert died in 1633 his legacy continues his poems are read and sung and his parish ministry remains the model for the church of england s understanding of how and where and why its priests should minister but there is a problem the memory of herbert celebrated by the church is an inaccurate one and in its inaccuracy is unfair on herbert himself and his successors in the ordained ministry this is a book of the long view it sets out to assess realistically the context of herbert s life and to explore the difficulties of parish life today by examining the status and role of parish clergy since herbert s time and today it draws on the work of historians social anthropologists psychologists and theologians and presents their ideas in a readable and passionate style it argues that the future strength of parochial ministry will be found in a recovery of historic renewed understandings of priestly ministry and concludes by outlining more sustainable patterns of

practice for the future in a climate of uncertainty for the future of the church it will be an encouragement for priest and people and welcomed by both

the calling to parish ministry involves a journey leading through lowland thickets and high plateau vistas it's a vocation not for weak spirits the parish presents general challenges rather than specialist endeavors so wearing one hat after another the pastor may speak from the pulpit join a team processing a current social concern visit the intensive care hospital unit and offer counsel at birth marriage or death maybe all in one day clergy and non ordained alike will find that parish the thought provides a closeup insight into this ministry telling the truth about the defeats and victories experienced over the course of forty years in the parish this memoir spends little time in navel gazing rather the author explores the humor conflicts ventures and achievements that rise in his memory the reader will detect a commitment to priestly and prophetic ministry one that seeks to comfort the distressed and to nudge the comfortable out of apathy encompassing the personal and public dimensions of the faith all this as an adventure following the pioneer jesus the christ

making clear that it is ordinary living which is at the heart of parish life bob mayo provides an important and accessible resource for all involved in church leadership

george herbert welsh poet hymn writer orator and anglican priest was noted for unfailing care for his parishioners bringing the sacraments to them when they were ill and providing food and clothing for those in need
