this book deals comprehensively with different aspects of collective victimhood in contemporary israel but also with the wider implications of this important concept for many other societies including the palestinian one the eight highly diverse scholarly chapters included in this volume

offer analysis of the politics of victimhood viewing it as increasingly dominant within contemporary israel assess victimhood as a focal point of the jewish historical legacy trace the evolution and changes of zionist thought as it relates to a sense of national victimhood study the possibility of the political transformation of victimhood through changing perceptions and policies by top israeli leaders focus on important events that have contributed to the evolution of the victimhood discourse in israel and beyond e g the 1967 six day and 1973 yom kippur wars in the middle east examine the politics and ideology of victimhood within the palestinian national movement and offer new ways of progressing beyond national victimhood and toward a better future for people in the middle east and beyond the insights of the eight authors and their conceptualization of israeli victimhood are of immediate relevance for numerous other national groups as well as for a variety of disciplines in the humanities and the social sciences this volume has been inspired by the universality of victimhood among humans reflected in king lear's words i am a man more sinned against than sinning as well as by the words of the late israeli prime minister yitzhak rabin telling the knesset in jerusalem no longer is it true that the whole world is against us while the book sums up the state of the field in regard to collective victimhood it invites the readers to engage in contemplating the far reaching implications of this important concept for our lives

the victimization of women is a balanced comprehensive and objective synthesis of the most significant research on the victimizations violence and victim politics that disproportionately affect women it examines the history of violence against women the surrounding debates the legal reforms and justice system outcomes the related media and social service responses and the current science on intimate partner violence stalking sexual harassment sexual assault and rape

for a free 30 day online trial to this title visit [sagepub.com/freetrial](http://sagepub.com/freetrial) in many ways the two fields of victimology and crime prevention have developed along parallel yet separate paths and the literature on both has been scattered across disciplines as varied as sociology law and criminology public health and medicine political science and public policy economics psychology and human services and others the encyclopedia of victimology and crime prevention brings together in one authoritative resource the dispersed information and knowledge on both victimology and crime prevention with nearly 375 entries this two volume set moves victimology and crime prevention one step further into recognized scholarly fields whose research informs practice and whose practice

informs research key features provides users with the most authoritative and comprehensive coverage available on victimology and crime prevention presents victimology and crime prevention as their own separate justifiable disciplines rather than subfields within more established disciplines discusses the status of victims within the criminal justice system as well as topics of deterring and preventing victimization in the first place and responding to victims needs offers anchor essays written by leading scholars in their respective fields to provide starting points for investigating the more salient victimology and crime prevention topics key themes business prevention actions civil justice system correlates of victimization courts alternative remedies courts law and justice crime prevention crime prevention partnerships criminal justice system fear of crime individual protection actions interventions and intervention programs for victim and offender intrafamilial offenses legislation and statutes media and crime prevention methodology offenses special topics official crime data personal offenses property offenses psychological mental and physical health issues residential community crime prevention school and workplace offenses school based crime prevention services and treatment for victims theory victimization scales and surveys victimology youth focused crime prevention the victimology crime prevention nexus provides the foundation for a comprehensive and hopefully long lasting approach to addressing the public's risk of being victimized and aids individuals who are targeted by a criminal act this is a welcome addition to any academic library the availability in print and electronic formats provides students with convenient easy access wherever they may be

the contributors to this volume practitioners planners and policy oriented professionals are all concerned with the ways in which women are collectively and individually abused in contemporary society despite an apparent rise in the consciousness of the general public with respect to these crimes the victims continue to be subjected to a second victimization by the criminal justice system the community and sometimes their families who suggest that the women contributed to their criminal victimization or even deserved it

this collection of social science research on domestic violence in the military is unique as it is the first compilation of research on domestic violence as it affects the military population the studies contained herein use contemporary qualitative and quantitative research and focus on the occurrence prevalence or risk factors for domestic violence found in four military branches air force

army marine corps and navy it is divided into three sections with section one dealing with issues related to wife battering in the military section two includes readings pertaining to child abuse in the military section three addresses prevention and treatment issues regarding domestic violence in the military the studies presented will enhance both professionals and students understanding of the issues and dynamics particular to domestic violence in military families and offer them the most current literature for future research in this area it will be of interest to researchers students and professionals in the fields of social work health family counseling criminal justice sociology human services and psychology

changes in biological processes relationships and community interactions influence the emergence of sexuality in all young people the process is more complex and difficult for lesbian gay and bisexual lgb teenagers fortunately the cultural changes that have allowed lgb youths to become more open about themselves at earlier ages have also allowed social and behavioral scientists the opportunity to study them the essays in this volume explore the psychological dimensions of lgb identities from puberty to adulthood the essays focus on three general areas theoretical frameworks that are important in understanding the development of sexual orientation in adolescence challenges faced by lgb youth and issues related to interventions and services for lgb youths in community settings this volume presents authoritative research based reviews of this ever increasing area of study and social concern

this volume fills a unique gap gerontologists seldom focus on special concerns of gay and lesbian older adults lesbian gay bisexual and transgender aging organizations rarely address issues of aging and the mental health field has demonstrated an ability to marginalize both aging and homosexuality this book lays out the state of knowledge with respect to lesbian gay bisexual and transgender aging physical health sexuality family ties victimization and legal and financial concerns the references at the end of individual chapters and the bibliographical material at the end of the book provide an invaluable resource for any gerontologist intrigued by the interplay of historical changes and individual aging it is difficult to imagine a more powerful example than lesbian gay bisexual and transgender aging evolution of attitudes toward homosexuality the emergence of hiv aids and legal protections beginning to be afforded to same sex relationships are all part of the changing world that has shaped and been shaped by lesbian gay bisexual and transgender individuals who are now old

a changing sociopolitical climate demanding tougher treatment on criminals and the growing activism of grassroots groups fighting for victims rights have drawn attention to victims of crime victimology is a new and growing discipline that has influenced public policy on many different levels this collection contains readings on the history of the study of victims the relationship between victims and the criminal justice system and the various aspects of research on victimization some of the articles focus on topics that have surfaced only recently including victims of white collar crime victimization by corporate crime victims of hate crimes and the victimization of college students the goal of the editors is to familiarize readers with the fundamental issues regarding victims of crime and to encourage reflective thinking about this important aspect of criminal justice

this book provides insights into such contemporary issues as victimization of children via the internet short and long term effects of terrorism on children and applying new technologies to understanding spatial distribution of child abuse

trata sobre las mujeres asesinadas en los estados unidos son presentadas con el papel de victimas dentro de una sociedad violenta

the first biography of pat nixon in 25 years moves beyond the over simplified appraisals of this oft misunderstood first lady offers a far more complex interpretation than the standard plastic pat caricature and depicts a complicated conflicted but ultimately effective first lady who balanced public responsibilities and private pain
