documented evidence suggests that community safety is best achieved through policies promoting human services rather than relying totally on prisons and that promoting intervention in an individual s own environment known as ecological integrity is closely associated with effective intervention this is the first book to

focus on the transfer of knowledge of worldwide effective offender rehabilitation programs prominent researchers and practitioners in the criminal justice field have contributed their extensive knowledge of what it takes to implement effective correctional practices with ecological integrity reviews real world challenges of program effectiveness and survival offers effective evidence based innovative alternatives to imprisonment of offenders offers a common multi level systems perspective as a framework for the international case studies featured the first book to focus on the transfer of knowledge and best practice through the concept of technology transfer

a useful and informative book i would recommend it to students wanting a good introduction to the current issues in criminal justice and probation vista perspectives on probation the three chapters on treatment in practice are all excellent the treatment of sex offenders mentally disordered offenders and the treatment of drug misuse are all described within the social context of public concern ian gives a good overview of the sex offenders treatment program as operated in prisons and finkelhors model which is typically used by probation in working with offenders simon bass caring magazine treatment and rehabilitation have been central to the development of criminal justice policy and have played an important role in the development of criminology in recent years punishment and retribution have attracted more attention than rehabilitation but there has been a resurgence of interest in treatment and rehabilitation with indications that some things do work and an emphasis on evidence based policy making it is also the belief of many that a penal policy without an adequate treatment strategy is unjust and a denial of human rights in this book iain crow provides an accessible overview of the concepts of treatment and rehabilitation adopting a deliberately broad definition and considers the historical basis of treatment and its place within the penal system and british criminology the collapse of the rehabilitative ideal is examined along with what followed it and the development of the more recent what works movement the basis for evaluating what works is also subjected to critical examination in the second part the book looks at the part that particular agencies such as the probation service prison and non statutory organisations have played in the treatment of offenders in part three the issues raised by treatment and rehabilitation are illustrated with reference to three groups of offenders sexual offenders drug misusers and mentally disordered offenders the treatment and rehabilitation of offenders will be essential reading for students of criminology and criminal justice at both undergraduate and post graduate levels

robinson and crow have achieved the seemingly impossible a book about rehabilitation that transcends the medical model that is original and contemporary yet grounded in a sophisticated history and most of all that is fun to read it will

become a new classic text in a field that has been crying out for one professor shadd maruna queen s university belfast in an age where there is much public and political confusion about many criminal justice matters this book brings considerable clarity to the idea of rehabilitation its theoretical and historical roots and contemporary practical application this is an accessible lively and critical account of a concept which is central to the shape of the criminal justice system in pursuance of something that will work to reduce reoffending rehabilitation seems to go in and out of fashion depending on the politics of the day but the careful and thorough examination of the different contexts in which it operates and competing perspectives on its potential offered here highlights its enduring qualities this is a fascinating and engaging book by two established and real world scholars which will serve students and policy makers alike in the fields of criminal justice and social policy loraine gelsthorpe reader in criminology and criminal justice institute of criminology university of cambridge this comprehensive text explains all the key themes in the development and practice of offender rehabilitation it explores how the issue fits within its wider social and political contexts giving an insight into its current and future relevance to criminal justice the book covers the full range of rehabilitative approaches exploring how criminal justice responses have been influenced by trends such as the treatment model what works desistance risk and public protection and changes in social policy it offers the following essential features theoretical grounding providing students with all the essential background they need in order to fully understand the subject historical context enabling the reader to see how ideas policies and practices have developed over time research focus introducing the reader to questions about how rehabilitative approaches have been evaluated and debates about what works for particular groups of offenders such as sexual offenders and drug misusers study questions and further reading giving students the tools both to revise and to expand their knowledge offender rehabilitation both advances thinking about the notion of rehabilitation and ensures that students of crime and justice can keep abreast of the most recent developments in this area

in contrast to the generally dismal results of various approaches to rehabilitation these consciousness based strategies have proven effective in preventing crime and rehabilitating offenders this book will introduce you to a powerful unique approach to offender rehabilitation and crime prevention in contrast to the generally dismal results of most rehabilitation approaches studies covering periods of 1 15 years indicate that this new approach employing the maharishi transcendental meditation and tm sidhi programs reduces recidivism from 35 50 transcendental meditation in criminal rehabilitation and crime prevention provides the reader with a theoretical overview new original research findings and examples

of practical implementation with this book you will explore what motivates people to commit crimes with emphasis on stress and restricted self development then you ll examine the results and policy implications of applying these consciousness based techniques to offender rehabilitation and crime reduction most chapters include tables or figures that make the information easy to understand transcendental meditation in criminal rehabilitation and crime prevention does not merely review the theory behind this innovative approach to rehabilitation and prevention but also emphasizes the practical value of the programs it describes and reports how techniques and strategies based on transcendental meditation have been put to use in a variety of settings this book will familiarize the reader with a rehabilitation approach so universal in its applicability that any adult or juvenile offender can begin it at the point of sentencing during incarceration or at the point of parole the in depth background on adult growth and higher states of consciousness necessary to understand this consciousness based developmental approach the results of empirical studies conducted in prisons around the country with up to 15 years of follow up a preview of how cost effective the rehabilitation program might be implications for public policy and the judicial system including an innovative alternative sentencing program how this approach deals not only with individuals but also with the community as a whole when practiced by a small percentage of the population the tm and tm sidhi programs may reduce crime in the larger community how these society level prevention programs may prove to be effective in reducing not only school violence in the community but if applied on sufficient scale war deaths and terrorism in the greater society

can offenders be rehabilitated can this be done in ways that benefit the community as a whole as well as offenders this book is about the history theory practice and effectiveness of rehabilitation it shows how different beliefs about the value of rehabilitation and about what works have influenced criminal justice policy and practice at different times and it identifies a number of promising approaches for the future everyone interested in the rehabilitation of offenders should read this book

this handbook provides a unique overview of rehabilitation as practiced internationally in criminal justice through the contributions of a diverse group that includes among others academics some of whom are former practitioners research students a judge and a probation chief it reflects common features of criminal justice in different countries and documents their diversity and celebrates their vitality in recent times the idea of law and order has been expropriated by populist authoritarian and doctrinaire regimes almost always and nearly everywhere in the service of arbitrary and unjust rule by and large this handbook does not include such regimes but law itself also has the capacity to constrain rulers and order in

the form of social peace is a universally approved civic asset in part the book provides a counter narrative demonstrating that although criminal justice dispositions such as probation prisons and parole can be represented as a via dolorosa rehabilitation as illustrated in these pages can become a journey that leads by degrees towards the possibility of a better life the handbook will be of interest to students academics practitioners managers policy makers and all those who wish to gain insight into the why and the how of rehabilitation in criminal justice systems across the world

taking in a century of change this work focuses on how the supreme court brought the juvenile court system under constitutional control it describes the case of gerald gault an arizona teenager who was sent to reform school for making an obscene phone call

can offenders be rehabilitated can this be done in ways that benefit the community as a whole as well as offenders this book is about the history theory practice and effectiveness of rehabilitation it shows how different beliefs about the value of rehabilitation and about what works have influenced criminal justice policy and practice at different times and it identifies a number of promising approaches for the future everyone interested in the rehabilitation of offenders should read this book

an innovative new text that addresses a critical issue reentry is one of the pressing issues facing corrections today and matthew crow and john smykla have clearly hit a homerun with their new book they have covered all the important topics ranging from what should be done inside the walls to the challenges and pitfalls awaiting those exiting our prisons and jails they have provided a roadmap for anyone concerned about reentry be that student or practitioner this book will become a must read for anyone interested in understanding and improving our reentry efforts edward j latessa ph d interim dean and professor university of cincinnati nearly 2 000 people are released from prison every day in the united states many of whom face significant barriers to re entry into the civilian population within three years two thirds of them will be rearrested and nearly half will return to prison for a new crime or parole violation offender reentry rethinking criminology and criminal justice is the first text of its kind to address this major issue in criminology and criminal justice bringing together cutting edge and never before published research and authored by the most critically recognized experts in the field this text offers students extraordinary insight into the experiences of both offenders in reentry and the practitioners who work within the legal system real world stories from criminal justice professionals and offenders themselves are integrated with up to the minute research and thought provoking analysis student oriented

pedagogical features including critical thinking and discussion questions for every chapter push students to engage deeply with the text and synthesize their own innovative solutions to contemporary problems the text addresses all of the societal factors that affect offender reentry as well as the political and economic effects on the community and issues of public safety ideally suited for upper level undergraduate and graduate courses in criminal justice and criminology offender reentry is an invaluable new addition to the field preview sample content today download chapter 4 from the sample materials tab includes unique qr codes in every chapter that direct students to videos and podcasts that extend the ideas discussed in the chapter providing a truly interactive learning experience chapters authored by leading experts and practitioners in the field contains seventeen original never before published articles on offender reentry features real world stories from criminal justice professionals and offenders themselves accompanied by a full suite of instructor resources including powerpoint lecture outlines and test bank appropriate for upper level undergraduate courses including law society judicial process corrections and special topics it is also ideal for graduate seminars in law therapeutic jurisprudence and the social sciences and to criminal justice policy makers 2014 456 pages

this book demonstrates that alternative approaches to criminal rehabilitation succeed in developing pro social attitudes and in improving mental physical and spiritual health for youth and adults in prison and community settings the use of mindfulness is highlighted as a foundational tool of self reflexivity creative expression and therapy

offender rehabilitation has become increasingly and almost exclusively associated with structured cognitive behavioural programmes for fifty years however a small number of english prisons have promoted an alternative method of rehabilitation the democratic therapeutic community tc these prisons offer long term prisoners convicted of serious offences the opportunity to undertake group psychotherapy within an overtly supportive and esteem enhancing living environment drawing upon original research conducted with residents prisoners and staff at three tc prisons offender rehabilitation and therapeutic communities provides a uniquely evocative and engaging portrayal of the tc regime individual chapters focus on residents adaptation to the tc way of rehabilitation and imprisonment the development of caring relationships between community members residents contributions towards the safe and efficient running of their community and the greater assimilation of sexual offenders within tcs for men made possible in part by a lessening in hypermasculinity by analyzing residents own accounts of desistance in process in the tc this book argues that tcs help offenders to change by enabling positive developments to their personal identity and self narratives to the ways in

which they see themselves and their life the radically different penal environment allows its residents to become someone different

explore the relationship between faith based programs religion and offender rehabilitation this book reports on current research from several disciplines to help the reader understand the nature and impact of the relationship between faith based programs religion and offender rehabilitation religion the community and the rehabilitation of criminal offenders is a unique resource there has been very little research published on this important topic president bush s faith based initiative recognized that religion plays a role in the justice system and corrections that is overlooked but essential it increases the role of community and caring in the system in a unique and important way this pathbreaking book points the way toward a system of faith based programs that are not only effective but also economical as these programs are often staffed by volunteers religion the community and the rehabilitation of criminal offenders addresses important questions regarding the importance and effectiveness of faith based rehabilitation programs including what is the relationship between prison religion and offender rehabilitation what motivates inmates to become involved with religious programs and activities what is the prison chaplain s role in rehabilitation are certain religious denominations more effective than others in preventing crime delinquency and recidivism how does religious activity help inmates adjust to the prison environment what do inmates have to say about the religious programs they encounter within the system how did islam develop within american correctional institutions and what changes has the movement gone through in recent years why do female african american inmates tend to resist conversion to islam while their male counterparts embrace the muslim faith in increasing numbers how can sacred texts and social theory be utilized as teaching tools and intervention strategies in the transformation processes of men incarcerated for violent crimes a fascinating study from the sing sing prison and more

this text explores the challenges that convicted offenders face over the course of the rehabilitation reentry and reintegration process using an integrated theoretical approach each chapter is devoted to a corrections topic and incorporates original evidence based concepts research and policy from experts in the field and examines how correctional practices are being managed students are exposed to examples of both the successful attempts and the failures to reintegrate prisoners into the community and they will be encouraged to consider how they can help influence future policy decisions as practitioners in the field
