when a defiant scottish lass clashes with a notorious english earl they discover that love is the most unpredictable game of all bartholomew yancy the new earl of ramsbury finds himself in need of a wife to secure his legacy a task that leads him to the spirited isobel ferguson her indifference to his title and her resistance to his reputed charm present a novel challenge igniting yancy s determination to win her over isobel for her part is resolved to hold out for a love that respects her intellect as much as her beauty a stance that yancy s reputation as a notorious rake does little to reassure the twist of fate that forces them into a marriage of convenience neither wanted is fraught with tension and misunderstanding yet as they begin to

navigate their new relationship both yancy and isobel discover depths to each other that defy their initial judgments their journey from adversaries to allies to something more is marked by a series of revelations about the nature of love honor and partnership as they come to terms with their unexpected bond isobel and yancy discover that the journey to love is filled with surprises laughter and moments of genuine connection their initial reluctance gives way to a partnership that neither anticipated offering them a chance at a happiness that defies convention

doing time for the prison writers whose work is included in this anthology it means more than serving a sentence it means staying alive and sane preserving dignity reinventing oneself and somehow retaining one's humanity

deterrence is at the heart of the preventive aspiration of criminal justice deterrence whether through preventive patrol by police officers or stiff prison sentences for violent offenders is the principal mechanism through which the central feature of criminal justice the exercise of state authority works it is hoped to diminish offending and enhance public safety and however well we think deterrence works it clearly often does not work nearly as well as we would like and often at very great cost drawing on a wide range of scholarly literatures and real world experience kennedy argues that we should reframe the ways in which we think about and produce deterrence he argues that many of the ways in which we seek to deter crime in fact facilitate offending that simple steps such as providing clear information to offenders could transform deterrence that communities may be far more effective than legal authorities in deterring crime that apparently minor sanctions can deter more effectively than draconian ones that groups rather than individual offenders should often be the focus of deterrence that existing legal tools can be used in unusual but greatly more effective ways that even serious offenders can be reached through deliberate moral engagement and that authorities communities and offenders no matter how divided share and can occupy hidden common ground the result is a sophisticated but ultimately common sense and profoundly hopeful case that we can and should use new deterrence strategies to address some of our most important crime problems drawing on and expanding on the lessons of groundbreaking real world work like boston's operation ceasefire credited with the boston miracle of the 1990s deterrence and crime prevention is required reading for scholars law enforcement practitioners and all with an interest in public safety and the health of communities

the remarkable story of david kennedy s crusade to combat america s plague of gang and drug related violence with methods that have been astonishingly effective across the country if you want to read a book on urban gangs and find out why they exist and why they kill each other read this this is a sociology book but it s like immersing yourself in the wire when kennedy says something you believe him scotsman gang and drug related inner city violence with its attendant epidemic of incarceration is the defining crime problem in our country in some neighborhoods in america one out of every two hundred young black men is shot to death every year and few initiatives of government and law enforcement have made much difference but when david kennedy a self taught and then unknown criminologist engineered the boston miracle in the mid 1990s he pointed the way toward what few had imagined a solution don t shoot tells the story of kennedy s long journey riding with beat cops hanging with gang members and stoop sitting with grandmothers kennedy found that all parties misunderstood each other caught in a spiral of racialized anger and distrust he envisioned an approach in which everyone gang members cops and community members comes together in what is essentially a huge intervention offenders are told that the violence must stop that even the cops want them to stay alive and out of prison and that even their families support swift law enforcement if the violence continues in city after city the same miracle has followed violence plummets drug markets dry up and the relationship between the police and the community is reset this is a landmark book chronicling a paradigm shift in how we address one of america s most shameful social problems a riveting page turning read it combines the street vérité of the wire the social science of gang leader for a day and the moral urgency and personal journey of fist stick knife gun but unlike anybody else kennedy shows that there could be an end in sight

vols for 1869 include annual report of the geological survey of indiana

When somebody should go to the book stores, search commencement by shop, shelf by shelf, it is really problematic. This is why we offer the books compilations in this website. It will
