cultural and spiritual bonds with nature are among the strongest motivators for nature conservation yet they are seldom taken into account in the governance and management of protected and conserved areas the starting point of this book is that to be sustainable effective and equitable approaches to the management and governance of these areas need to engage with people s deeply held cultural spiritual personal and community values alongside inspiring action to conserve biological geological and cultural diversity since protected area management and governance have traditionally been based on scientific research a combination of science and spirituality can engage and empower a variety of stakeholders from different cultural and religious backgrounds as evidenced in this volume stakeholders range from indigenous peoples and local communities to those following mainstream religions and those representing the wider public the authors argue that the scope of protected area management and governance needs to be extended to acknowledge the rights responsibilities obligations and aspirations of stakeholder groups and to recognise the

cultural and spiritual significance that nature holds for people the book also has direct practical applications these follow the iucn best practice guidelines for protected and conserved area managers and present a wide range of case studies from around the world including africa asia australia europe and the americas

aloicius an immortal nature spirit has protected his homeland for over a thousand years over time he becomes more and more distraught after watching all his friends grow old and die without being able to do anything about it after losing one of his closest friends aloicius tries to stop natural death from being a part of nature by ripping his soul in half however things do not go as planned and he ends up throwing nature out of balance now aloicius and his human companion lunette must travel across the twisted land to aid anyone in need of help and possibly bring balance back to nature

do you know what you mean by words such as soul spirit and spirituality these words as the author points out are bandied about as if we all know with certainty and agree amongst ourselves as to their precise meanings this is a collection of one scientist s meditations on the nature of spiritual experience as reflected in religious practice and doctrine the author confesses to being a lifetime seeker of truth and is well versed in most of the major world religions what is meant and what is experienced by those of us who find spiritual experience significant in our lives what is a spiritual experience she defines this as moments of intensity wonder and awe her meditations she says set out to explore this notion from an experiential or existential point of view although there is plenty of philosophy along the way a collection of meditations aimed at understanding the nature of spiritual experience the author is a scientist who has explored the history and content of most major world religions has been a lifetime truth seeker and takes a sympathetic view of the god quest in these essays words commonly used in religious discourse are carefully defined in an effort to clarify the meanings of religious terminology

book review
