this comprehensive collection of contemporary sociological theory is the definitive guide to current perspectives and approaches in the field examining key topics and debates in the field collects the most representative material available on

topics such as symbolic interactionism phenomenology structuralism network theory critical theory feminist theory and the debates over modernity and postmodernity includes examinations of the work of foucault giddens and bourdieu a new section for this edition opens up the debate on power and inequality thematically organized

in the third edition of ken allan s highly praised contemporary social and sociological theory book sociological theories and theorists are explored using a straightforward approach and conversational jargon free language filled with examples drawn from everyday life this edition highlights diversity in contemporary society exploring theories of race gender and sexuality that address some of today s most important social concerns through this textbook students will learn to think theoretically and apply to their own lives

written by eminent sociologists this book introduces and assesses some of the most influential recent sociological theories each chapter explains the theory and describes a related program of empirical research chapters are authored by the actual founders and or leading exponents of these theoretical programs many chapters contain a description of the inception growth and present status of the theoretical program the book covers a broad range of sociological concerns from the investigation of power and status processes to social movements and revolutions to organizational and institutional structures to world system analysis accessibly written for a wide sociological audience this book is an invaluable introduction for undergraduates and graduates to sociology s most important theoretical advances

the strengths of this text are the breadth of theories covered the integration of gender related topics3 4 family work religion the use of substantial quotes from primary texts the consistent inclusion of methodological issues i have no doubt that it will find a solid position in the field of theory texts kathleen slobin north dakota state university

the authors are proud sponsors of the 2020 sage keith roberts teaching innovations award enabling graduate students and early career faculty to attend the annual asa pre conference teaching and learning workshop now with sage publishing and co authored by one of the foremost authorities on sociological theory the eighth edition of modern sociological theory by george ritzer and jeffrey stepnisky provides a comprehensive overview of the major theorists and theoretical schools from the structural functionalism of early 20th century through the cutting edge theories of the late 20th and early 21st centuries the

integration of key theories with biographical sketches of theorists and the requisite historical and intellectual context helps students to better understand the original works of contemporary thinkers

provides an examination of the theoretical perspectives in contemporary sociology and their roots in classical theory the book focuses specifically on the areas of functionalism conflict theory exchange theory symbolic interactionism and phenomenology

this handbook provides the hidden common threads that tie sociological inquiry together and featuring eminent scholars it separates itself from its predecessors in substance and organization rather than rehashing old debates or longingly gazing at the past this book presents sociologists with new ways of conceptualizing the organization and presentation of sociological theory at the heart of this handbook's vision is the twin goals of making theory a viable enterprise by reconceptualizing how we teach theory and keeping theory closely tied to its empirical applications three strategies are offered 1 elucidating how classic issues like integration or interaction are interrogated today 2 presenting a coherent vision of the social levels of reality that theorists work on such as communities groups and the self as well as how the coherence of these levels speaks to the macro micro link and 3 theorizing the social world rather than celebrating theorists or theories that is one can look at how theory is used holistically to understand the constraints the social world places on our lived experience or the dynamics of social change hence in the second decade of the 21st century it has become clear that sociology is at a crossroads as the number of theorists and amount of theory available is increasingly unmanageable and unknowable by the vast majority of professionals and students as such this handbook of contemporary sociological theory presents the novice and the expert with the a roadmap for traversing this crossroad and building a more coherent robust and cumulative sociology

written by eminent sociologists this book introduces and assesses some of the most influential recent sociological theories each chapter explains the theory and describes a related program of empirical research chapters are authored by the actual founders and or leading exponents of these theoretical programs many chapters contain a description of the inception growth and present status of the theoretical program the book covers a broad range of sociological concerns from the investigation of power and status processes to social movements and revolutions to organizational and institutional structures to world system analysis accessibly written for a wide sociological audience this book is an invaluable introduction for undergraduates and

graduates to sociology's most important theoretical advances

the authors are proud sponsors of the 2020 sage keith roberts teaching innovations award enabling graduate students and early career faculty to attend the annual asa pre conference teaching and learning workshop now with sage publishing contemporary sociological theory and its classical roots the basics is a brief survey of sociology's major theorists and theoretical approaches from the classical founders to the present with updated scholarship in the new fifth edition authors george ritzer and jeffrey stepnisky connect many theorists and schools of thought together under broad headings that offer students a synthesized view of sociological theory this text is perfect for those who want an accessible overview of the entire tradition of sociological thinking with an emphasis on the contemporary relevance of theory

this volume is designed as a basic text for upper level and graduate courses in contemporary sociological theory most sociology programs require their majors to take at least one course in sociological theory sometimes two a typical breakdown is between classical and contemporary theory theory is perhaps one of the broadest areas of sociological inquiry and serves as a foundation or framework for more specialized study in specific substantive areas of the field in addition the study of sociological theory can readily be related to various aspects of other social science disciplines as well from the very beginning sociology has been characterized by alternative theoretical perspectives classical theory includes the european founding figures of the discipline whose works were produced during the later half of the nineteenth century and the first couple of decades of the twentieth century plus early american theorists for most of the second half of the twentieth century a fairly high consensus has developed among american sociologists regarding these major founders particularly with regard to the works of durkheim and weber in analyzing the overall society and of simmel in analyzing social interaction processes since the late 1960s and early 1970s the influence of marx has also been recognized recent decades have also witnessed an increased emphasis on the important contributions of several pioneering feminist perspectives in the early years of sociology

this text begins with an examination of the major schools of thought of social theory and provides an in depth analysis of its relevance to society in general each of the chapters on the major schools of thought review the basic principles along with a discussion of some of the major theorists their influences and their contributions to social theory each of these chapters concludes with a section which serves as a review and critical examination of the theory published

a unique hybrid of text and readings this book combines the major writings of sociology's core classical and contemporary theorists with an historical as well as theoretical framework for understanding them. Laura Desfor Edles and Scott Appelrouth provide not just a biographical and theoretical summary of each theorist's reading but an overarching scaffolding which students can use to examine, compare and contrast each theorist's major themes and concepts. No other theory text combines such student-friendly explanation and analysis with original theoretical works. Key features include pedagogical devices and visual aids, charts, figures and photographs to help summarize key concepts, illuminate complex ideas and provoke student interest. Chapters on well-known figures such as Marx, Weber, Durkheim, Parsons and Foucault, as well as an in-depth discussion of lesser-known voices such as Charlotte Perkins Gilman, W. E. B. Du Bois and Leslie Sklair. Photos of not only the theorists but of the historical milieu from which the theories arose, as well as a glossary at the back.

Sociological Theory in the Contemporary Era, Second Edition, combines well-edited important original writings from sociology's core contemporary theorists with introductory text that provides a historical and theoretical framework for understanding them. Authors Scott Appelrouth and Laura Desfor Edles use this unique text-reader approach to introduce students to contemporary sociological theory in a lively and engaging fashion. The text-reader provides not only a biographical and theoretical summary of each theorist's works but also an overarching scaffolding that students can use to examine, compare and contrast each theorist's major themes and concepts. The book also offers discussions of past social and intellectual milieus to provide a holistic picture of the development of the theories discussed.

This book offers a comprehensive overview of the major theoretical perspectives in contemporary sociology, covering schools of thought or intellectual movements within the discipline as well as the work of individual scholars. The author provides not only a rigorous exposition of each theory but also an examination of the scholarly reception of the approach in question, considering both critical responses and defences in order to reach a balanced evaluation. Chapters cover the following theorists and perspectives: Alexander Bourdieu, Ethnomethodology, Exchange Theory, Foucault, Giddens, Goffman, Habermas, Luhmann, Merton, Network and Social Capital Theory, Parsons, Rational Choice Theory, Schutz and Phenomenalism, Structuralism, Symbolic Interactionism. An accessible and informative treatment of the central approaches in sociology over the course of the last century, this volume marks a significant contribution to sociological theory and constitutes an essential addition to library collections in the areas of the history of sociology and contemporary social theory.

this book discusses and analyzes sociological theory as it is practiced today it focuses on writers whose work has most influenced social theory and the way sociologists currently approach and analyze their subject matter

with exemplary clarity john scott expertly guides us through key modern theorizations of social system and social action not only is scott s assessment of recent attempts to synthesise these two dimensions of sociology s core dualism very useful for students and teachers of sociology it represents a valuable theoretical contribution in its own right gregor mclennan university of bristol uk acclaim for the first edition scott s thorough mastery of sociological theory is clearly evident in this work moreover he is a gifted explicator of complex and frequently obfuscated theoretical positions his scholarship here is first rate and his considered reflections deserve the attention of students and professional colleagues alike w p nye choice outstanding academic book of the year 1995 sociological theory second edition is a lively and accessible introduction to contemporary sociological debates with additional material on theoretical developments since 1995 this substantially updated work is a systematic and comprehensive text presenting clear arguments on the relative merits of the different positions taken within sociological theory in this second edition john scott has re ordered the chapters and chapter sections to draw out a strong narrative on contention and convergence in sociological theory a consideration of the work of talcott parsons sets the scene for subsequent debates on neofunctionalist symbolic interactionist rational choice and conflict theories together with recent developments in structuralism and post structuralism this second editon has been re cast and updated to give a fuller discussion of the syntheses produced by anthony giddens and jürgen habermas tracing their lineage back to parsons s framework it considers the various views of modern society depicted in these syntheses and it reviews the wider debates on modernity and post modernity the central argument of the book is that advances in sociological understanding arise from the synthesis of rival ideas and it concludes with an exploration of those areas in which sociological theory is in need of further development new features of the second edition include greater prominence for neofunctionalism in relation to earlier structural functional theories discussion of the theoretical ideas of pierre bourdieu expanded coverage of post structuralist theoretical ideas in relation to structuralist theories positioning of ethnomethodology and conversation analysis in relation to earlier work on symbolic interactionism a stronger positioning of debates over modernity and post modernity as extensions of general theoretical debates authoritative comprehensive and written in a thoroughly accessible style this text will have major appeal to students researchers teachers and specialists in sociological theory
