positive psychology focuses on finding the best one has to offer and repairing the worst to such a degree that one becomes a more responsible nurturing and altruistic citizen however since businesses are composed of groups and networks using positive psychology in the workplace requires applications at both the individual and the group levels there is a need for current studies that

examine the practices and efficacy of positive psychology in creating organizational harmony by increasing an individual's wellbeing the handbook of research on positive organizational behavior for improved workplace performance is a collection of innovative research that combines the theory and practice of positive psychology as a means of ensuring happier employees and higher productivity within an organization featuring coverage on a broad range of topics such as team building spirituality and ethical leadership this publication is ideally designed for human resources professionals psychologists entrepreneurs executives managers organizational leaders researchers academicians and students seeking current research on methods of nurturing talent and empowering individuals to lead more fulfilled constructive lives within the workplace

this volume collects the most important works in organization theory as written by the most influential authors in the field these are the works of the masters and having withstood the test of time the ideas presented by each of the works are commonly referenced in the study of organizational theory this text is designed to help students learn about understand and appreciate key themes and perspectives in the field the authors begin the text by describing what organization theory is how it has developed and how its development has coincided with developments in other fields each chapter focuses on one major perspective of organization theory helping students absorb these concepts before moving onto new ones

clearly written and well organized this book takes a strategic systems approach that focuses on how managers structure and operate organizations so that they are efficient and effective with an emphasis on the decision making processes of managers the topics covered in this book include a brief history of organization theory the structure and design of organizations organizational goals and effectiveness the global environment of organizations managing the environment organizational technology organizational size growth and life cycles governance and control culture decision making power and politics innovation strategic change and learning and includes integrative case studies for organizational managers and executives

this book deals with organizational discourse and its gender subtexts the two main research questions guiding this book are first according to what notions and patterns are males and females reproduced within organizational texts and more crucially according to what gender subtext is organizational discourse re framed second how does this gender subtext discourse influence change and transform organizational discourse and contribute to the development of a new field or space for organizational research that transgresses mainstream disciplinary borders in pursuing these questions deconstructively this book stresses on the processes and patterns according to which organizational discourse and thus of course organizational scholars reproduce gender

put theory and research into practice for real world success here's your introduction to the use of theory research and evidence in guiding your practice as an occupational therapy manager from leadership and supervision to policies program development and continuous quality improvement you'll find complete coverage of the full range of issues and functions managers encounter in the real worlds in which they practice whatever your role the practical knowledge and the guidance you'll find here will help you become a more effective colleague and manager

gareth morgan believes that examining organizations and management should be interesting creative practical challenging and directly relevant to the needs of all students of organization and management in an ingenious and utterly delightful selection of organizational stories morgan presents unique insights drawn from actual corporate as well as nonprofit public and institutional experience these carefully chosen examples illustrate both organizational success and failures because we can learn from both these stories offer the depth and breadth of perspective we have come to expect from morgan s insightful and often witty framework of organizational analysis and they are interwoven with excerpts from many of the classics in organizational literature his aptly named mindstretchers entices the reader to expand his or her personal repertoire of approaches to the understanding of and solutions to organizational problems and challenges for instructors in the field of organizational studies who wish to have a broad and creative resource for their courses this book is a resource you will use and reuse for many years to come followed by cases and exercises again drawn from both private and public sectors that challenge us to view organizations in new and different ways creative organization theory will undoubtedly prove to be a truly mindstretching book this exciting and enjoyable volume is one you ll turn to frequently an inspiration for the creative tutor and an excellent fund of knowledge and information for the teacher in the disciplines of business management and organizational theory the book contains mindstretching and broadening ways of enhancing the thinking processes of anyone engaged in the study of organizations a subject which otherwise provokes much yawning and other signs of boredom the author provides much needed refreshment and is revolutionary in his approach simulation games for learning a rich complement to primary management texts especially morgan s provocative images of organization although the book s focus is private sector the perspectives of organization are universal and translation to the public sector is smooth creative organization theory particularly is imaginative in challenging students to abandon set ways of thinking using a rich mix of mind stretching exercises diverse articles and stimulating cases robert mier university of illinois chicago this resourcebook contains ideas stories cases exercises and pieces of information that will help the reader gain a broadbased understanding of the nature and function of modern organizations very useful for teaching as well as being a good read for those with a particular interest in this important subject long range planning

understanding of the history and development of organization theory has recently made advances through work emerging on the history of management thought as well as through the institutionalization of critical approaches to organizations and organizational knowledge this book provides a new reading of the historical development of organization

includes the papers and proceedings of the annual meeting
