approach was originally used to help clients to resolve deep trauma it is now being used to get to the truth and to solve complex problems by some of the sharpest and most innovative people in the world coaches business people educators health professionals and many others

the routledge handbook of language and metaphor provides a comprehensive overview of state of the art interdisciplinary research on metaphor and language and maps out future directions of research and practice in a variety of contexts in this field

this book explores how metaphoric conceptualizations of time arise from an interplay between space context and individual characteristics

this book provides useful strategies for language learning researching and the understanding of social factors that influence human behavior it offers an account of how we use human animal and plant fixed expressions every day and the cultural aspects hidden behind them these fixed expressions include various linguistic vehicles such as fruit jokes and taboos that are related to speakers use in the real world the linguistic research in mandarin chinese hakka german and english furthers our understanding of the cultural value and model of cognition embedded in life form embodiment languages

neurodiversity coaching demystifies the themes and assumptions affecting neurodivergent coachee experiences at work whilst at the same time exploring the necessary safeguards required for working with this vulnerable group the book supports existing coaching practitioners managers and community leaders to understand the essentials of neurodivergence a term which encompasses adhd autism dyslexia dyspraxia and tourette syndrome and how these diagnoses require specific coaching approaches to support individuals to thrive at work this book is practically focused on the how sharing coaching exercises and activities that have been evaluated and researched by authors with extensive experience in the field grounded in coaching psychology theory those with existing knowledge will be able to transfer their skill set to the neurodiversity context and those who are considering learning more about coaching can be signposted to essential knowledge and skills neurodiversity coaching will be suitable for independent coaching practitioners and internal organisational coaches and managers seeking a coaching approach

the key book for both practitioners and students ideal for coaches working primarily non

directive who want to develop their practice by assimilating ideas from a range of approaches therapies such as cognitive behavioural coaching neuro linguistic programming nlp and gestalt are examined and the author demonstrates how some of the key principles of these can be used or adapted the book also looks at how non directive coaching skills might be applied in a number of other fields such as staff development supervision and mediation reflective questions at the end of each chapter encourage the reader to think about the key issues explore the implications and examine their own experiences suitable for the range of postgraduate courses including ma certificate and diploma courses in coaching as well as for practitioners

discover twelve easy to learn clean language processes that combine the science of emergence and metaphor therapy as only creative innovator david grove could clean language expert gina campbell presents twelve grovian processes for therapists counselors coaches and other helping and healing professionals looking for ways to guide their clients in experiential self exploration from among the many process grove developed campbell has selected ones that are easy to master and easy to use you will learn step by step how to facilitate clients to access their inner knowledge and experiences by projecting them onto a drawing or into the surrounding physical space spread out before them your clients deeper understandings and perspectives readily reveal themselves back cover

this is a rich collection of authoritative views on the use of metaphors in organizations it outlines key areas of debate and explains how metaphors contribute to creating new theories about organizations and the impact on organizational reality

this book analyzes the historical evolution of metaphor by proposing new theories involving principles of conceptual networking

while most treatments of biblical metaphor examine individual metaphors in isolation sarah j dille presents a model for interpretation based on their interaction with one another using lakoff and johnson s category of metaphoric coherence she argues that when nonconsistent or contradictory metaphors appear together in a literary unit the areas of overlap coherence are highlighted in each using the images of father and mother in deutero isaiah as a starting point she explores how these images interact with others for example the divine warrior the redeeming kinsman the artisan of clay or the husband the juxtaposition of diverse metaphors common in hebrew prophetic literature highlights common entailments enabling the reader to see aspects of the image which

would be overlooked or invisible if read in isolation dille argues that any metaphor for god can only be understood if it is read or heard in interaction with others within a particular cultural context

examines how twain used metaphor to express his attitudes and thoughts revealing not only hidden facets of twain s artistry but also new aspects of works that we think we know well such as the adventures of tom sawyer adventures of huckleberry finn and a connecticut yankee in king arthur s court provided by publisher
