a singular genre defying treatise from one of america s most innovative political poets coal mountain elementary remixes verbatim testimony from the surviving sago west virginia miners and rescue teams the american coal foundation s curriculum for schoolchildren newspaper accounts of mining disasters in china and full color photographs of chinese miners by renowned photojournalist ian teh a poet and labor activist heralded by adrienne rich for regenerating the rich tradition of working class literature mark nowak regularly leads transnational poetry workshops between american and international trade unions the author of revenants and shut up shut down he is also a frequent contributor to the poetry foundation s harriet blog

in this practical guide an experienced group of contributors provide concrete strategies and real world examples for implementing this highly successful design for professional learning communities

in time all schools in the developed world will move to students using their personal mobile technology in class rather than it being provided by the school it is not a case of if but when this book is designed to provide teachers and parents alike an insight into the bring your own technology byot revolution sweeping across entire school communities in australia the us and uk and explain the immense implications of these developments byot poses potential educational social development economic technological and political opportunities that will soon fundamentally change the nature of schooling teaching the technology used home school relations and the resourcing of schools this book drawing on the work of the path finding schools and education authorities in the uk us and australia is designed to provide teachers and parents alike an insight into why the development needs to be embraced the imperative of authentic collaboration between home and school what each school needs to do to ready itself how to deal with the raft of options the kind of whole school community implementation strategy required the practicalities of achieving sustained total student usage and the many dividends that will then flow

why have so many contemporary poets turned to source material from newspapers to governmental records as inspiration for their poetry how can citational poems offer a means of social engagement contested records analyzes how some of the most well known twenty first century north american poets work with fraught documents whether it s the legal paperwork detailing the murder of 132 african captives state transcriptions of the last words of death row inmates or testimony from miners and rescue workers about a fatal mine disaster author michael leong reveals that much of the power of contemporary poetry rests in its potential to select adapt evaluate and extend public documentation examining the use of documents in the works of kenneth goldsmith vanessa place amiri baraka claudia rankine m nourbese philip and others leong reveals how official records can evoke a wide range of emotions from hatred to veneration from indifference to empathy from desire to disgust he looks at techniques such as collage plagiarism re reporting and textual outsourcing and evaluates some of the most loved and reviled contemporary north american poems ultimately leong finds that if bureaucracy and documentation have the power to police and traumatize through the exercise of state power then so too can document based poetry function as an unofficial counterhegemonic and popular practice that authenticates marginalized experiences at the fringes of our cultural memory

the essays in inciting poetics provide provocative answers to the book s opening question what are poetics now authored by some of the most important contemporary poets and critics the essays present new theoretical and practical approaches to poetry and poetics that address current topics and approaches in the field as well as provide fresh readings of a number of

canonical poets the four sections what is poetics critical interventions cross cultural imperatives and digital capital and institutional frames create a basis on which both experienced readers and newcomers can build an understanding of how to think and write about poetry the diverse voices throughout the collection are both informative and accessible and offer a rich exploration of multiple approaches to thinking and writing about poetry today

tackling topics such as globalization and political activism this book traces engaged poetics in 20th century american poetry spahr provides a comprehensive view of activist poetry starting with the great depression and the harlem renaissance and moving to the beats and contemporary writers such as amiri baraka and mark nowak

discussing the work of more than 60 poets from the us uk ireland australia new zealand and the caribbean nerys williams guides students through the key ideas and movements in the study of poetry today
