this book assesses the statute for a european cooperative society sce regarding agricultural  
 activities by comparing how specific questions arising in this context must be dealt with under the  
 italian and austrian legal systems in this regard council regulation ec no 1435 2003 of 22 july 2003  
 on the statute for a european cooperative society sce is used as a tool for the structured analysis of  
 various aspects of agricultural cooperatives however a comparison is only meaningful if the results  
 are made comparable on the basis of a previously defined standard accordingly the study uses on  
 one hand a cooperative model developed by european legal scholars that defines general guidelines  
 on how cooperatives should function pecol on the other the results are presented in connection with  
 economic considerations to discuss how efficient rules can be developed

non contractual liability arising out of damage caused to another is one of the three main non  
 contractual obligations dealt with in the dcfr the law of non contractual liability arising out of  
 damage caused to another in the common law known as tort law or the law of torts but in most other  
 jurisdictions referred to as the law of delict is the area of law which determines whether one who  
 has suffered a damage can on that account demand reparation in money or in kind from another  
 with whom there may be no other legal connection than the causation of damage itself besides  
 determining the scope and extent of responsibility for dangers of one's own or another's creation  
 this field of law serves to protect fundamental rights in the private law domain that is to say  
 horizontally between citizens inter se based on pan european comparative research which  
 annotates the work this volume presents model rules on liability explanatory comments and  
 illustrations amplify the policy decisions involved during the drafting process comparative material

from over 25 different eu jurisdictions has been taken into account the work therefore is not only a presentation of a future model for european rules to come but provides also a fairly detailed indication of the present legal situation in the member states
