these studies concentrate on preventing the use of weapons of mass destruction a common argument runs through all of the papers that while complacency must be avoided much of the post cold war focus among western governments on the threat posed by weapons of mass destruction is alarmist

maritime powers dominate the planet from the british empire of the 19th century to the american post world war ii domination of global affairs to a large degree their control of the globe is based on control of the seas this book seeks to

examine the strengths and weaknesses of maritime power including specific chapters on mutiny blockades coalitions piracy expeditionary warfare commerce raiding and soft power operations but with larger discussion of such sea power characteristics as sea control sea denial and the competition between land powers and sea powers the conclusions will discuss how many other countries including russia during the cold war and the prc today have or are seeking to use sea power to claim regional and then eventually global hegemony

this open access book sets out simple solutions to managing complex catastrophes it focusses on four kinds of crises climate change crime war cascades epidemics and financial crises these catastrophes are conceived as complex and prone to cascade effects this book is optimistic in explaining that there are identifiable simple institutions that international society can strengthen and some simple principles that can help humankind to control the expanding gamut of complex catastrophes that confront the planet including simple stable institutions and regulatory bodies it draws on a wide range of current and past crises and challenges from the cold war to covid 19 and from weapons of mass destruction to restorative diplomacy with states like china to provide an urgent and timely path forward braithwaite argues that improved peacemaking and step by step progress toward abolition of weapons of mass destruction helps prevent environmental pandemic and financial catastrophes his method across four kinds of crises is first to prioritize simple principles and simple institutions that prevent coupled catastrophes from cascading one to the other the next step is to pursue requisite variety in responses by diagnosing dialectically when additional interventions will and will not add value for crisis control braithwaite argues that minimal sufficiency of deterrence responsive regulation of risks and restorative diplomacy offer superior theoretical foundations than realism in international relations theory and in organizational crime control it speaks to those interested in criminology public policy and international relations political science sociology public health and economics

this is an authoritative volume of historiographical essays that survey the state of u s diplomatic history the essays cover the entire range of the history of american foreign relations from the colonial period to the present they discuss the major sources and analyze the most influential books and articles in the field includes discussions of new methodological approaches in diplomatic history

chahal and his team at the mcgm have done an outstanding job under very difficult circumstances each day our meetings and calls assured me that he was fully in control of the situation be it decentralisation of ward rooms ambulance fleet

management medicine management of covid or the natural disasters that we faced while battling covid chahal has stood rock solid with me as an able team member who is willing to take responsibility and deliver what is promised maharashtra chief minister shri uddhav balasaheb thackeray in the most devastating public health emergency in a century the covid 19 pandemic has killed millions around the world as one of the world s most densely populated urban agglomerations mumbai was especially vulnerable to the coronavirus and its multiple mutations this riveting book reveals for the first time the exclusive inside story of how the commissioner of the municipal corporation of greater mumbai mcgm iqbal singh chahal along with his team tackled the covid 19 pandemic successfully with a series of innovations acclaimed globally as the mumbai model the mcgm s success in controlling the pandemic including in asia s biggest slum dharavi where physical distancing is impossible has drawn praise from among others the world bank the world health organisation who and the us congress minhaz merchant was given unrivalled access to contemporary and archival documents the author interviewed commissioner chahal in more than a dozen exclusive sessions stretching to three hours each in order to distil the strategy he and his team employed to control the pandemic through the several waves that swept the city from setting up 24 war rooms to creating jumbo field hospitals chahal s work as commissioner which began in may 2020 at the start of the pandemic is the story of extraordinary courage resilience and innovation
