this book examines the violation of property rights in the two world wars and in the interwar period centering on three keywords sequestration confiscation and restitution political conflicts regime change revolutions and wars make not only people but also their property vulnerable plunder and confiscation were common ways of dealing with the enemy either internal or external in many conflicts conquests and occupations during the old regime and resurfaced as crucial political weapons in both the first and the second world wars with disruptive effects in the two world wars and the interwar period sequestration and confiscation grew in scale and scope reaching an unprecedented magnitude because of three driving forces that were frequently intertwined nationalism socialism and antisemitism confiscation was a political weapon that furthered different aims it helped to make the expulsion of enemy subjects irreversible it was an instrument to exclude from the civic body those who did not belong the internal enemies and to prevent undesirable people from acquiring citizenship it also deprived enemy aliens of economic means during the conflict bringing together new historical research on serbia italy belgium turkey holland poland czechoslovakia germany and austria the chapters address state violence law and human rights as well as the entanglement between citizenship nationality and property it will be of great interest to those who study minorities borders migration social and economic history as well as european history this book was originally published as a special issue of european review of history

recent years have seen a growing body of literature on the contribution of scientists historians and literary and artistic figures who were forced to leave germany and austria after hitler came to power this volume is the first study of the important contribution of refugee and émigré legal scholars to the development of english law those considered in the book are e j cohn david daube rudolf graupner max grünhut hermann kantorowicz otto kahn freund hersch lauterpacht gerhard leibholz kurt lipstein f a mann hermann mannheim lassa oppenheim otto prausnitz fritz pringsheim gustav radbruch

clive schmitthoff fritz schulz georg schwarzenberger walter ullmann martin wolff and wolfgang friedmann the scene is set by two introductory chapters which explore the general background to the exodus of the émigré scholars from germany and to their arrival in the united kingdom the volume then moves on to analyse the scholars backgrounds histories and intellectual bent as individuals and evaluates their work and its impact on legal scholarship in both england and germany in those subjects where the influence of these scholars was particularly strong public and private international law roman law and comparative law it considers how far collectively these german and austrian educated refugees and émigrés shaped the development of the law there are also a number of personal memoirs including one by the surviving member of the group kurt lipstein these lawyers had received their first legal training in a civilian legal system but in the uk they were faced by the less schematic more pragmatic common law the differences between these legal traditions made it more difficult for them to adjust and to find suitable professional positions than was the case for refugee scientists for example however the differences gave them a unique perspective which is of particular interest today when the relationships between the common law and the civilian legal systems of europe are of growing theoretical and practical importance

labour law and industrial relations in germany gives the reader a broad understanding of german labour law covering all important aspects the book deals with the sources of labour law individual employment relationships collective bargaining remuneration working conditions and dispute settlement it provides advocates administrators management and especially students with an overview of all aspects of german labour law and to some extent of its social economic and political context the third edition is a revised version and all the latest developments are covered
