annotation originally developed for introductory courses on eastern religious traditions this popular anthology offers readings from primary texts of india china and japan with this

second edition the editors have expanded on existing texts and added new introductions to provide a better context for the excerpts as well as a better sense of historical developments a section on ch an zen and excerpts from the writings of ge hong representing the central concerns of daoism have been included a section on modern china includes a poem written by mao exhibiting his daoist sensibilities there s also material about falun gong a revised chapter on buddhism presents the voices of modern buddhist writers including the dalai lama throughout the volume women s voices have been added

noise and distortion that degrade the quality of speech signals can come from any number of sources the technology and techniques for dealing with noise are almost as numerous but it is only recently with the development of inexpensive digital signal processing hardware that the implementation of the technology has become practical noise reduction in speech applications provides a comprehensive introduction to modern techniques for removing or reducing background noise from a range of speech related applications self contained it starts with a tutorial style chapter of background material then focuses on system aspects digital algorithms and implementation the final section explores a variety of applications and demonstrates to potential users of the technology the results possible with the noise reduction techniques presented the book offers chapters contributed by international experts a practical systems approach and numerous references for electrical acoustics signal processing communications and bioengineers noise reduction in speech applications is a valuable resource that shows you how to decide whether noise reduction will solve problems in your own systems and how to make the best use of the technologies available

these voices belong to some remarkable and courageous women who questioned and commented on their own lives and times in nineteenth and twentieth century bengal excerpts from biographies memoirs and letters have been used to bring them to life what also comes alive in this study is a rich pattern of the lives of upper middle class women in large and oftentimes joint families and their relationships with the men of the family as well as with other women

two of the most important social skills in humans are the ability to determine the moods of those around us and to use this to guide our behavior to accomplish this we make use of numerous cues among the most important are vocal cues from both speech and non speech sounds music is also a reliable method for communicating emotion it is often present in social situations and can serve to unify a group s mood for ceremonial purposes

funerals weddings or general social interactions scientists and philosophers have speculated on the origins of music and language and the possible common bases of emotional expression through music speech and other vocalizations they have found increasing evidence of commonalities among them however the domains in which researchers investigate these topics do not always overlap or share a common language so communication between disciplines has been limited the aim of this research topic is to bring together research across multiple disciplines related to the production and perception of emotional cues in music speech and non verbal vocalizations this includes natural sounds produced by human and non human primates as well as synthesized sounds research methodology includes survey behavioral and neuroimaging techniques investigating adults as well as developmental populations including those with atypical development studies using laboratory tasks as well as studies in more naturalistic settings are included

developed principally for use in introductory courses in the study of religious traditions in the east this anthology offers a selection of readings from primary texts of india china and japan the selections are arranged both chronologically and thematically within religious traditions and include readings from hinduism jainism buddhism including tibetan buddhism sikhism early chinese thought confuciansim taoism mao tse tung shintoism and japan s new religions tenrikyo and sokka gakkai throughout the anthology an effort has been made to present more than the usual short excerpts as much as possible larger excerpts have been included to give students a better sense of significant developments within traditions as well doctrinal elements have been combined with story to make these traditions more than museum pieces for students

psychology is of interest to academics from many fields as well as to the thousands of academic and clinical psychologists and general public who can t help but be interested in learning more about why humans think and behave as they do this award winning twelve volume reference covers every aspect of the ever fascinating discipline of psychology and represents the most current knowledge in the field this ten year revision now covers discoveries based in neuroscience clinical psychology s new interest in evidence based practice and mindfulness and new findings in social developmental and forensic psychology

the last half of the twentieth century has seen the emergence of literary theory as a new discipline as with any body of scholarship various schools of thought exist and sometimes conflict within it i r makaryk has compiled a welcome guide to the field accessible and

jargon free the encyclopedia of contemporary literary theory provides lucid concise explanations of myriad approaches to literature that have arisen over the past forty years some 170 scholars from around the world have contributed their expertise to this volume their work is organized into three parts in part i forty evaluative essays examine the historical and cultural context out of which new schools of and approaches to literature arose the essays also discuss the uses and limitations of the various schools and the key issues they address part ii focuses on individual theorists it provides a more detailed picture of the network of scholars not always easily pigeonholed into the categories of part i this second section analyses the individual achievements as well as the influence of specific scholars and places them in a larger critical context part iii deals with the vocabulary of literary theory it identifies significant complex terms places them in context and explains their origins and use accessibility is a key feature of the work by avoiding jargon providing mini bibliographies and cross referencing throughout makaryk has provided an indispensable tool for literary theorists and historians and for all scholars and students of contemporary criticism and culture

this book provides comprehensive coverage of the issues critical to professional practice in communication sciences the text is multi contributed and each chapter is written by a leading expert in the field this is the most up to date text on the market and it provides in depth coverage of the recently updated 2005 standards of clinical competence the text is clearly organized and highly approachable for readers and it provides a number of excellent pedagogical features such as case studies tables and decision trees to help reinforce the material
