Question Type	Cognitive Level	Example
Multiple Choice	Recall	What is the primary prevention strategy for influenza
Multiple Choice	Comprehension	A community health nurse assesses a clients risk for heart disease Which factor is MOST strongly associated with increased risk
Multiple Choice	Application	A nurse is planning a health education program on diabetes management Which strategy would be MOST effective for reaching a lowliteracy population
Essay	Analysis	Compare and contrast the roles of a school nurse and a public health nurse in addressing childhood obesity
2 TrueFalse	Recall	Comprehension

Table 1 Hypothetical Distribution of Question Types by Cognitive Level
