this is the long awaited third edition of this highly regarded comparative overview of corporate law this edition has been comprehensively revised and updated to reflect the profound changes in corporate law and governance practices that have taken place since the previous edition these include numerous regulatory changes following the financial crisis of 2007 09 and the changing landscape of governance especially in the us with the ever more central role of institutional investors as active owners of corporations the geographic scope of the coverage has been broadened to include an important emerging economy brazil in addition the book now incorporates analysis of the burgeoning use of corporate law to protect the interests of external constituencies without any contractual relationship to a company in an attempt to tackle broader social and economic problems the authors start from the premise that corporations or companies in all jurisdictions share the same key legal attributes legal personality limited liability delegated management transferable shares and investor ownership businesses using the corporate form give rise to three basic types of agency problems those between managers and shareholders as a class controlling shareholders and minority shareholders and shareholders as a class and other corporate constituencies such as corporate creditors and employees after identifying the common set of legal strategies used to address these agency problems and discussing their interaction with enforcement institutions the anatomy of corporate law illustrates how a number of core jurisdictions around the world deploy such strategies in so doing the book highlights the many commonalities across jurisdictions and reflects on the reasons why they may differ on specific issues the analysis covers the basic governance structure of the corporation including the powers of the board of directors and the shareholder meeting both when management and when a dominant shareholder is in control it then analyses the role of corporate law in shaping labor relationships protection of external stakeholders relationships with creditors related party transactions fundamental corporate actions such as mergers and charter amendments takeovers and the regulation of capital markets the anatomy of corporate law has established itself as the leading book in the field of comparative corporate law across the world students and scholars at various stages in their careers from undergraduate law students to well established authorities in the field routinely consult this book as a starting point for their inquiries

this is the long awaited second edition of this highly regarded comparative overview of corporate law this edition has been comprehensively updated to reflect profound changes in corporate law it now includes consideration of additional matters such as the highly topical issue of enforcement in corporate law and explores the continued convergence of corporate law across jurisdictions the

authors start from the premise that corporate or company law across jurisdictions addresses the same three basic agency problems 1 the opportunism of managers vis à vis shareholders 2 the opportunism of controlling shareholders vis à vis minority shareholders and 3 the opportunism of shareholders as a class vis à vis other corporate constituencies such as corporate creditors and employees every jurisdiction must address these problems in a variety of contexts framed by the corporation's internal dynamics and its interactions with the product labor capital and takeover markets the authors central claim however is that corporate or company forms are fundamentally similar and that to a surprising degree jurisdictions pick from among the same handful of legal strategies to address the three basic agency issues this book explains in detail how and why the principal european jurisdictions japan and the united states sometimes select identical legal strategies to address a given corporate law problem and sometimes make divergent choices after an introductory discussion of agency issues and legal strategies the book addresses the basic governance structure of the corporation including the powers of the board of directors and the shareholders meeting it proceeds to creditor protection measures related party transactions and fundamental corporate actions such as mergers and charter amendments finally it concludes with an examination of friendly acquisitions hostile takeovers and the regulation of the capital markets

the shift of economic gravity towards east asia requires a critical examination of law's role in the asian century this volume explores the diverse scholarly perspectives on law's role in the economic rise of east asia and moves from general debates such as whether law enjoys primacy over culture state intervention or free markets in east asian capitalism to specific case studies looking at the nature of law in east asian negotiations contracts trade policy and corporate governance the collection of articles exposes the clefts and cleavages in the scholarly literature explaining law's form function and future in the asian century

enforcement of actions in corporate law by non shareholder constituencies lessons for the common law world from south africa advocates for a complementary enforcement regime for the current and proposed corporate legislative measures in the anglo american corporate law doing so would empower non shareholder interests in corporate decision making mongalo argues that corporate legislative initiatives ought to provide for non shareholder constituencies considerations in decision making within corporate entities and that failure to enforce such frameworks reduces the law to lip service by offering a comprehensive critique of corporate constituency statutes and benefit corporation statutes in us and the enlightened shareholder value approach in the uk mongalo makes the case that a shift from the current enforcement philosophy in anglo american jurisdictions which is based on the preference of those to whom fiduciary duties are currently

owed is necessary and that the actionable enlightened shareholder value aesva with its origins in south africa should be preferred
