a columbia university physician comes across a popular medieval text on dying well written after the horror of the black plague and discovers ancient wisdom for rethinking death and gaining insight today on how we can learn the lost art of dying well in this wise clear eyed book that is as compelling and soulful as being mortal when breath becomes air and smoke gets in your eyes as a specialist in both medical ethics and the treatment of older patients dr l s dugdale knows a great deal about the end of life far too many of us die poorly she argues our culture has overly medicalized death dying is often institutional and sterile prolonged by unnecessary resuscitations and other intrusive interventions we are not going gently into that good night our reliance on modern medicine can actually prolong suffering and strip us of our dignity yet our lives do not have to end this way centuries ago in the wake of the black plague a text was published offering advice to help the living prepare for a good death written during the late middle ages ars moriendi the art of dying made clear that to die well one first had to live well and described what practices best help us prepare when dugdale discovered this medieval book it was a revelation inspired by its holistic approach to the final stage we must all one day face she draws from this forgotten work combining its wisdom with the knowledge she has gleaned from her long medical career the lost art of dying is a twenty first century ars moriendi filled with much needed insight and thoughtful guidance that will change our perceptions by recovering our sense of finitude confronting our fears accepting how our bodies age developing meaningful rituals and involving our communities in end of life care we can discover what it means to both live and die well and like the original ars moriendi the lost art of dying includes nine black and white drawings from artist michael w dugger dr dugdale offers a hopeful perspective on death and dying as she shows us how to adapt the wisdom from the past to our lives today the lost art of dying is a vital affecting book

that reconsiders death death culture and how we can transform how we live each day including our last

she was banished

a non chronological report that describes scaffolding what it is made from how it has developed around the world from its earliest origins to the present day and what it is used for maggie freeman also meets a young scaffolder to discuss what the job entails

with the emergence of sick building syndrome in the 1970s and the emphasis on leed standards today interior designers are interested in the topics of health and sustainability health sustainability and the built environment examines the concept of sustainability as it pertains to sustaining human health by analyzing the many ways that humans interact with the built environment the text teaches students how to identify both the positive and negative effects that their designs can have on the health of the occupants

geo 5 for business builds on the findings of uneps fifth global environment outlook geo 5 report released in june 2012 geo 5 assessed the current state and trends of the global environment in which population growth economic development urbanization and globalization are driving degradation across numerous environmental indicators out of 90 environmental goals and objectives assessed in geo 5 significant progress could only be shown for four chapter 2 of the report briefly summarizes the drivers and trends described in geo 5 both the specific trends in geo 5 and the broader picture of decline have significant implications for companies around the world regardless of size or sector some of which are reflected in the areas of greenhouse gases severe weather land conversion water availability water pollution biodiversity chemical exposure and waste

the book offers a critical analysis of the political dynamics that shape singapore s public policies it suggests that policy making in singapore involves a complex process of interaction among political institutions and that the distribution of power among these institutions is hierarchical and precarious thus the book argues the contestation of political interests occupies a central position in these stratified interactions and this has been largely responsible for the types of policies and their impact

a comprehensive summary of the most up to date research in the area of child abuse and domestic violence with charts and graphs as well as statistical information
