a story of love and community written by the hand of zora neale hurston one of the 20th

century's greatest authors and a woman who truly understands her characters' motivations. This modern classic edition of *Jonah's Gourd Vine* features an updated cover and a postscript section which includes insights, interviews, and more. *Jonah's Gourd Vine*, Zora Neale Hurston's first novel, originally published in 1934, tells the story of John Buddy Pearson, a living exultation of a young man who loves too many women for his own good. Lucy, his long-suffering wife, is his true love, but there's also Mehaly and Big Oman and the scheming Hattie who conjures hoodoo spells to ensure his attentions, even after becoming the popular pastor of Zion Hope, where his sermons and prayers for cleansing rouse the congregation's fervor. He has to confess that though he is a preacher on Sundays, he is a natchel man the rest of the week. And so, in this sympathetic portrait of a man and his community, shows that faith and tolerance and good intentions cannot resolve the tension between the spiritual and the physical that Zora Neale Hurston makes this age-old dilemma come so alive. It is a tribute to her understanding of the vagaries of human nature.

If the former avatars of the Green find a new source of power, it's bad news for everyone, but most of all for Swamp Thing.

Darby is excited to go on a volcano watch, camping out and observing the island's volcanoes despite recent small earthquakes that could mean an eruption is coming. After all, Darby grew up in California, so she's used to the earth rumbling now and then. Plus, the expedition is perfect for working with Hoku, helping the young Mustang learn to handle any situation. But when the volcanoes do erupt, it's much scarier than Darby anticipated, and a stream of lava leaves Darby and Hoku stranded.
