cases and exercises in organization development change second edition encourages students to practice organization development od skills in unison with learning

about theories of organizational change and human behavior the book includes a comprehensive collection of cases about the od process and organization wide team and individual interventions including global od dialogic od and od in virtual organizations in addition to real world cases author donald I anderson gives students practical and experiential exercises that make the course material come alive through realistic scenarios that managers and organizational change practitioners regularly experience

it has been decades since many business schools outside india adopted the case study methodology for teaching almost all branches of management studies this trend has been seen in india too where top management institutes have implemented the case study based methodology as an important pedagogical tool in business education the major issue in india however is a severe shortage of indian case studies through which business schools can provide industry insights to students this volume fills that gap it has twenty indian cases related to different aspects of business management the cases cover some of the prominent disciplines of management like marketing finance human resource management strategy management operations management accounting and mergers and acquisitions these cases best serve the purpose of adoption of case methodology in classroom teaching or online lecture sessions for the faculty and students of business management

the fifteen case studies in this book place the reader in a wide variety of real public health leadership situations each situation is presented to the student with the swirl of communications conflicts and conundrums that i have found accompany any difficult public health leadership judgment the case writers have done a very good job of placing the student in public health decisional situations that to me feel like the reality of my own professional life william I roper md mph dean school of public health the university of north carolina at chapel hill from the foreword the six chapters and fifteen cases contained in this book challenge students to ask the appropriate questions and stimulate their thinking about public health leadership and management the chapters provide the student with a framework and tools for case analysis and the important environmental context of the health care system in general and public health systems specifically the 15 public health case studies are all based on actual situations faced by real public health leaders encompass all of the core disciplines in public health are geographically diverse and include international content and provide substantial detail that immerses the student in meaningful decisional simulations the situations presented by each case are vivid and provide not only a basis for practicing professional public health judgments but also provide a lasting impression that aids in retention of the lessons learned
