the purpose of this book is to find a unified approach to the doctrine of mens rea in the sphere of international criminal law based on an in depth comparative analysis of different legal systems and the jurisprudence of international criminal tribunals since nuremberg part i examines the concept of mens rea in common and continental legal systems as well as its counterpart in islamic shari a law part ii looks at the jurisprudence of the post second world war trials the work of the international law commission and the concept of genocidal intent in light of the travaux préparatoires of the 1948 genocide convention further chapters are devoted to a discussion of the boundaries of mens rea in the jurisprudence of the international criminal tribunals for the former yugoslavia and rwanda the final chapter examines the definition of the mental element as provided for in article

30 of the statute of the international criminal court in light of the recent decisions delivered by the international criminal court the study also examines the general principles that underlie the various approaches to the mental elements of crimes as well as the subjective element required in perpetration and participation in crimes and the interrelation between mistake of law and mistake of fact with the subjective element with a foreword by professor william schabas and an epilogue by professor roger clark from the foreword by william schabas mohamed elewa badar has taken this complex landscape of mens rea at the international level and prepared a thorough well structured monograph this book is destined to become an indispensable tool for lawyers and judges at the international tribunals from the epilogue by professor roger clark this is the most comprehensive effort i have encountered pulling together across legal systems the general part themes especially about the mental element found in confusing array in the common law the civil law and islamic law in this endeavour dr badar s researches have much to offer us

the spectre of destructive malpractice lawsuits haunts every practicing doctor who simply wants protection and peace of mind but most physicians find the world of malpractice confusing and wrapped in legal riddles this book s purpose is to explain medical malpractice concepts in everyday terms combined with solid practical advice to help you protect and safeguard your medical career and practice identify what is and isn t considered malpractice readily comply with all legal duties required of doctors prevent malpractice allegations and minimize liability take control to protect assets and minimize personal and professional losses work with your attorneys to establish the best possible defense walk through each clinical aspect of the patient encounter from the perspective of a malpractice attorney

vols for 1980 issued in three parts series authors and titles

we call it justice the assassination of osama bin laden the incarceration of corrupt politicians or financiers like rod blagojevich and bernard madoff and the climactic slaying of cinema screen villains by superheroes but could we not also call it revenge we are told that revenge is uncivilized and immoral an impulse that individuals and societies should actively repress and replace with the order and codes of courtroom justice what if anything distinguishes punishment at the hands of the government from a victim s individual desire for retribution are vengeance and justice really so very different no answers legal scholar and novelist thane rosenbaum in payback the case for revenge revenge is in fact indistinguishable from justice revenge rosenbaum argues is not the problem it is in fact a perfectly healthy emotion instead the problem is the inadequacy of lawful outlets through which to express it he mounts a case for legal systems to punish the guilty commensurate with their crimes as part of a societal moral duty to satisfy the needs of victims to feel avenged indeed the legal system would better serve the public if it gave victims the sense that vengeance was being done on their behalf drawing on a wide range of support from recent studies in behavioral psychology and neuroeconomics to stories of vengeance and justice denied to revenge practices from around the world to the way in which revenge

tales have permeated popular culture including hamlet the godfather and braveheart rosenbaum demonstrates that vengeance needs to be more openly and honestly discussed and lawfully practiced fiercely argued and highly engaging payback is a provocative and eye opening cultural tour of revenge and its rewards from shakespeare to the sopranos it liberates revenge from its social stigma and proves that vengeance is indeed ours a perfectly human and acceptable response to moral injury rosenbaum deftly persuades us to reconsider a misunderstood subject and along the way reinvigorates the debate on the shape of justice in the modern world
