this book is a complete guide to understanding learning from and teaching bilingual and eal children in schools it begins by asking who are eal learners and challenges some of the misconceptions about this group it goes on to examine language in depth providing focused theory to help teachers and trainees better understand the wider context of children s needs this theory is supported by a wealth of information on practical teaching strategies and resources it also covers planning across the curriculum for eal assessing eal and bilingual learners and classroom organisation new to this second edition is a chapter on using home languages and cultures in learning as well many new case studies from practising teachers offering insight and knowledge on teaching this particular group

this book guides teachers in applying theory to practice for teaching multilingual students it covers language literacy and culture theories with chapters by practicing teachers sharing innovative methods it s aimed at tesol esl bilingual language immersion and mainstream teachers and is valuable for teacher education programs

after serving in linguistically diverse schools for over a decade carly spina has scoured for the most effective and meaningful ways to support multilingual learners the overwhelming answer has always been this just add visuals when it comes to serving our multilingual learners there are countless ways for us to strengthen our practice this book will help us to reflect on ways to move beyond our current practices and really dive deep into ways to enhance instruction create meaningful social emotional learning experiences empower families partner with our community and more let s reflect on our roles as change agents in our systems it s time to flip lenses and disrupt the deficit narratives of those we serve ready let s move beyond for multilingual learners

this book details a three year multi stranded study of teacher education programs that prepare future teachers to work with multilingual learners the book examines how racism and linguisticism collaborate to shape the conditions under which teacher candidates learn how to teach the analysis traces dynamic shifts in thinking and practice as participants reflected on their personal professional and academic experiences in relation to formal curriculum and assessment policies to interpret what it means to work with multilingual learners in the classroom the book offers guiding principles above all learning from multilingual learners not only about them and presents a suite of teacher education practices to disrupt the interplay of language and race that so deeply shapes teacher candidate learning about multilingual learners

over the past 40 years jim cummins has proposed a number of highly influential theoretical concepts including the threshold and interdependence hypotheses and the distinction between conversational fluency and academic language proficiency in this book he provides a personal account of how these ideas developed and he examines the credibility of critiques they have generated using the criteria of empirical adequacy logical coherence and consequential validity these criteria of theoretical legitimacy are also applied to the evaluation of two different versions of translanguaging theory unitary translanguaging theory and crosslinguistic translanguaging theory in a way that significantly clarifies this controversial concept

emergent bilinguals formerly known as english language learners are one of the fastest growing subgroups in the united states their educational needs are not well met by the educational system in this book we report results of empirical multiyear studies about their reading and mathematics performance both at the elementary school and high school levels given that state education agencies collect enormous amounts of information that are typically not well analyzed this book serves as an exemplar of secondary data analyses educational leaders educational researchers and legislators and policymakers will find the chapters in this book useful findings from these statewide analyses can provide readers with baselines of the performance of emergent bilingual students prior to the covid 19 pandemic in reading and in

mathematics changes in instructional practices and in educational programming could be made based upon the numerous statistical results present in this book

50 actionable strategies for multilingual learner success in diverse classrooms backed by robust research

bilingual and multilingual learners bmls are the fastest growing student group in the world today yet while this changing landscape of students requires more highly skilled teachers than ever before research shows that mainstream educators receive very little if any professional development to support them in their work with bmls this book takes teachers on a thought provoking journey as they explore the inside outs of bilingualism and multilingualism through the lens of their own schools and classrooms it also introduces them to important research and high impact teaching approaches that allow bmls to thrive it engages teachers and gets them to reflect on the hard questions that form the heart of their work bilingual and multilingual learners from the inside out is a comprehensive professional development solution for schools and teachers helping them understand how to harness bmls cultures languages and diverse experiences for thinking and learning

this book brings together a broad interdisciplinary group of leading scholars to critically assess a recent proposal within translanguaging theory called deconstructivism the view that discrete or named languages do not exist contributors explore important topics in relation to the deconstructivist turn in translanguaging including epistemology language ideology bilingual linguistic competence codeswitching bilingual first language acquisition the neurolinguistics of bilingualism the significance of language naming to indigenous language reclamation efforts implications for bilingual education and language rights and the effects of translanguaging on immersion programs for endangered languages contributing authors converge on support for a multilingual perspective on translanguaging which affirms the pedagogical and conceptual aims of translanguaging but rejects deconstructivism the book makes a valuable contribution to the development of translanguaging theory and will be required reading for scholars and students interested in one of the most vibrant and vital debates in contemporary applied linguistics

this textbook brings together research on literacy and multilingualism from a variety of settings the learning of english in migrant destinations immersion and bilingual education and the maintenance of heritage languages designed to be accessible to students from a wide range of disciplines the book explores multilingualism as a global phenomenon at both the individual and societal level and literacy learning in a wide variety of contexts it uses both these discussions to explore the theoretical and policy issues which are behind current educational practice and points to possible ways forward students are introduced to examples of innovative and best practice from a range of international contexts and discussion points and suggested activities encourage them to build on their own experiences as language learners this is an ideal introductory text for students on courses where a critical understanding of language in education is necessary as well as being a useful summary of the field and its future directions for researchers practitioners and policy makers

looking closely at what happens when translanguaging is actively taken up to teach emergent bilingual students across different contexts this book focuses on how it is already happening in classrooms as well as how it can be implemented as a pedagogical orientation it extends theoretical understandings of the concept and highlights its promises and challenges using a transformative action research design six empirically grounded ethnographic case studies describe how translanguaging is used in lesson designs and in the spontaneous moves made by teachers and students during specific teaching moments the cases shed light on two questions how when and why is translanguaging taken up or resisted by students and teachers what does its use mean for them although grounded in a u s context and specifically in classrooms in new york state translanguaging with multilingual students links findings and theories to different global contexts to offer important lessons for educators worldwide

a comprehensive source of ideas and advice for enhancing the learning of all students in all subject areas and at all grade levels

this book juxtaposes superdiversity with the reality of english centrality in the united states set against the long standing challenges regarding migration and language policy in the us most recently underlined by donald trump s 2016 election win and subsequent aggressive and partially successful attempts to limit migration the book explores the history policies and practices of an adolescent newcomer program in central ohio in the us midwest that seeks to provide an equitable and engaging education to its students it addresses on the one hand positive progressive institutional responses including an embrace of translanguaging and a willingness to acknowledge and build on students languacultural backgrounds on the other hand the book explores the effects of inconsistent inefficient and sometimes nonsensical patterns in these responses the book analyzes student outcomes and argues that although some students are well served by the program tensions in the program lead to uneven and even troubling behavior and results ranging from poor academic performance to dropping out finally the book addresses ongoing evolutions and debates to the program and their potential to realize the program s aspirations

the presence of students for whom the school language is not their first language creates unique challenges and opportunities for teachers this book provides an accessible guide to multilingual teaching using linguistically appropriate practice lap in diverse classrooms worldwide it is firmly grounded in the latest research on multilingual learners and takes a realistic approach to teaching in linguistically diverse schools today the author argues that successful multilingual teaching is an option for all teachers and that it has benefits for every child in the classroom as well as the wider school community the book provides profiles of lap in action around the world explains the relationship between theory and multilingual practice lays out the characteristics of the lap teacher and the lap classroom discusses challenges that have been identified by teachers using lap in their classrooms provides a step by step guide to implementing and enriching lap includes resources to support multilingual teaching and learning this book is an invaluable support and inspiration for practising teachers and trainee teachers it will help them transform their classrooms into multilingual environments where all children have equal opportunity to participate learn and grow

this book provides tools and resources for multilingual learners including mtss structures family engagement centering student experiences and nurturing and cultivating a multilingual mindset throughout school communities
