critical reflections on stanley hauerwas theology of disability disabling society enabling theology examines the influential writings of one of the most important contemporary theologians over the past thirty years time magazine theologian of the year 2001 dr stanley hauerwas has consistently presented a theological position which values the deep theological significance of people with developmental disabilities as well as their importance to the life and the faithfulness of the church ten key hauerwas essays on disability are brought together in a single volume essays which reflect and illustrate his thinking on the theology of disability along with responses to each essay from

multidisciplinary authoritative sources including jean vanier michael bérubé john o brien and ray s anderson

controversial issues in a disabling society has been written specifically to raise questions and stimulate debate it has been designed for use with students in group discussion and to support in depth study on a variety of professional courses it covers a wide range of specific substantive issues within disability studies in a series of succinct chapters each chapter sets a question for debate places the key issues in context and presents a particular argument this is an accessible and engaging book which challenges dominant positions and ideologies from a social model viewpoint of disability

since it was first published in 1993 disabling barriers enabling environments has established itself as essential reading for anyone coming to the subject of disability studies the book tackles a wide range of issues in numerous succinct chapters written by contributing authors many of whom are disabled themselves from the outset the chapters take a multidisciplinary and international approach the third edition is made up of 42 chapters 15 of which are completely new to this edition including early seminal writings in disabled studies death and dying psychology hate crime and the criminal justice system sport psycho emotional disablism and internal oppression this seminal textbook conveys the continuing developments in the lives and experiences of disabled people it is valuable reading for students and professionals in the fields of social work sociology social policy health and nursing as well as disabled people

as a much published author social commentator and academic roy mccloughry is ideally placed to make the latest theological thinking about disability accessible to a wide audience as a person living with epilepsy who regards his condition as a strange gift from god he brings rich personal experience of what it s like to live as a disabled person in a world where acceptance frequently relies on the appearance of normality attitudes in the church too can be strangely unsettling people are often embarrassed or fearful in encountering disabled people who are if the bible is to be believed at the heart of the kingdom of god after all god does not want us to conform to society s stereotype of what is normal but to celebrate diversity by delighting in who we are we do not need to be cured to know god s healing empowering love in our lives indeed as roy s deeply moving interview with jean vanier underlines the abled may well discover their true humanity through learning from those whose humanity has sometimes been called into question

part of palgrave s interagency working in health and social care series this book explores the policy and practice which frames work with disabled people providing a critical review of the mainstream services available to disabled people it assesses the successes and failures of interagency working and offers a model for future practice

the essential book to refer to whether you re just starting out or about to go on placement or need to look up something for an assessment the 14th edition of tidy s physiotherapy is up to date and ready to meet the needs of today s physiotherapy student chapters are written by specialists who have come from a wide range of clinical and academic backgrounds each chapter encourages you to problem solve and provides case studies to give the opportunity to consolidate learning and to give you confidence when you need to apply what you have learned for the first time a dvd rom is included which contains sections on musculoskeletal tests massage and exercise and graphics which can be used for revision presentations and even teaching

this paper applies the modernising government agenda to the social exclusion of disabled people it examines structures and processes at central and local level covering policymaking and service delivery and looks at the scope for an overall national strategy

concepts related to disability rights and legal dimensions psychosocial problems magnitude causes changing life additional area of disability rehabilitation and other practical aspects of ensuring the best possible adjustment of disabled persons in new environment have been studied

this important text draws together a wealth of experience to present theoretical and practical insights into the way society intervenes in the lives of disabled people and considers how resources could be used in ways that are more helpful and supportive stressing the social contexts within which

disabilities become apparent the contributors highlight two key points disabled people have practical difficulties only in the area of life affected by their disability and in other respects are no different from anyone else and they are handicapped not by the parameters of their disability but by the demands and attitudes of society the contributors consider the position of people with specific types of disability explore b

this book brings together a series of readings to encourage critical reflection and thought about how young people s lives and priorities are changing and becoming more diverse aimed at those involved in social work criminal justice education

how do people with the label of learning difficulties challenge disabling environments what role can professionals play in supporting such challenges how do self advocacy groups contribute to disability politics and the development of theories of disability this timely book sets out to answer these questions for students teachers and practitioners working in the field it examines self advocacy in the lives of people with learning difficulties the term learning difficulties is used to describe people who have been labelled at some point in their lives as requiring specialist mental handicap services learning difficulties is preferred over other synonyms such as mental handicap mental impairment or learning disabilities because it is the term preferred by many in the self advocacy movement the focus of this book hitherto a number of books have introduced and examined the notion of self advocacy this volume goes beyond these studies to offer an appraisal of self advocacy in the lives of people with learning difficulties that is grounded in their own experiences it redresses the dominant focus on learning difficulties as pathology or tragedy highlighting the ways in which people so labelled are fighting for their own human rights in a disabling society through their involvement in self advocacy groups it outlines a number of lessons for supporters policy makers professionals and service providers in relation to the resilience of self advocates with learning difficulties and gives examples of good practice

the editors present practitioner research projects illustrating the importance of several recurring themes entitlement inclusion partnership ownership participation and empowerment identified during the botswana inservicee and preservice project bipp

over the past 15 years geography has made many significant contributions to our understanding of disabled people s identities lives and place in society and space towards enabling geographies brings together leading scholars to showcase the second wave of geographical studies concerned with disability and embodied differences this area has broadened and challenged conventional boundaries of disability expanding the kinds of embodied differences considered while continuing to grapple with important challenges such as policy relevance and the use of more inclusionary research approaches this book demonstrates the value of a spatial conceptualization of disability and disablement to a

broader social science audience whilst examining how this conceptualization can be further developed and refined
