why are kin in societies all over the world divided into joking and avoidance relations

foundational figures in the human sciences from e b tylor and alfred radcliffe brown to sigmund freud and claude lévi strauss have sought to explain why some classes of kin are normatively expected to prank and tease one another while others must studiously avoid each other s presence in this extensively researched comparative study linguistic anthropologist luke owles fleming offers a bold new answer to this problem with a particular focus on avoidance relationships on speaking terms argues that in order to understand cross cultural convergences in the patterning of kinship keyed comportments we must attend to the sociolinguistic codes through which kinship relationships are enacted drawing on ethnographic data from more than one hundred different societies the book documents and analyses parallels in the linguistic and non verbal signs through which avoidance relationships are experientially realized with dedicated discussions of aboriginal australian mother in law languages name and word tabooing practices pronominal honorification and non verbal strategies of interactional and sensorial avoidance it reveals recurrent sociolinguistic patterns attested in kinship avoidance in demonstrating the vital role of sociolinguistic codes for transforming kinship categories into phenomenologically rich relationships on speaking terms makes an important contribution to the anthropology of kinship

this book addresses the profound changes brought by digital technologies virtual teams cloud based collaboration and real time communication have eliminated geographical boundaries creating a hyperconnected world where cultural nuances blend seamlessly this book further examines the relationship between culture and effective leadership highlighting the challenges of managing diverse teams in our interconnected era it redefines the understanding of management within the social sciences emphasizing the development of cultural competencies to build and sustain unified teams and focusing on leveraging knowledge honing judgment evaluating performance and preparing individuals for leadership positions incorporating perspectives from renowned scholars such as edgar schein house triandis bass hofstede and others the book discusses often neglected topics it covers essential skills for the global business landscape and analyzes the beliefs values work behaviors communication styles and business practices that differ across cultures by examining the perceptions of natives and foreigners and adaptable managerial strategies for various settings the book supports leaders with efficient strategies for success focusing on developing effective leadership the chapters include topics such as global leadership competencies building cross cultural teams during disruptive times impactful communication strategic decision making managing transitions embracing diversity and the dynamics between leaders and followers the book is written in accessible language and provides real world examples offering a novel perspective on leadership in an increasingly diverse world it is a must read for anyone interested in a better understanding of modern cross cultural management against today s turbulent political and economic climates and will appeal to global business professionals academics practitioners students and management researchers from diverse fields in both the humanities and business sectors

exploring multilingualism as a complex context related societal and individual phenomenon this book centres around perspectives on how multiple languages are made in visible within educational settings in the global north the authors of each chapter compare and contrast findings across geographical contexts with the goal of understanding the facets of multilingualism that on the one hand conform across contexts and on the other diverge context specifically the chapters range from contributions with a focus on national state planning for the development of sustainable multilingual and intercultural educational policies to chapters that deal with multilingual practices and identities of students and student teachers as well as the consequences for language practices strategies and policies in diversifying societies this cross contextual comparative and interdisciplinary exploration of multilingualism will be of great interest to researchers administrators practitioners and students within the fields of multilingual education
