matt reddy and the crew of the uss walker are positioned to push the line of battle to the breaking point on an alternate earth in the thrilling return to the new york times bestselling destroyermen series matt reddy and his sailors have fought bled and died for their lemurian friends and other allies from across time but their enemies are still operational in africa the grik general esshk has escaped defeat to build a new army and new weapons and is desperate enough to use them to destroy the world if he can t have it in south america the nus general shinya and the army of the sisters have the evil dominion on the ropes and are closing in on the seat of its blood drenched power but the twisted don hernan has struck a deal with the fascist league and victor gravois is finally assembling the awesome fleet of modern ships he s always craved if he s successful the war will be lost undermined by treachery on a stunning scale matt reddy must still steam his battered old ship halfway around the world scraping up what forces he can along the way and confront the mightiest armada the world has ever seen in a fiery duel to the death

from the bestselling author of firestorm comes the hotly anticipated seventh book in the destroyermen series

after being transported to a strange alternate earth matt reddy and the crew of the uss walker have learned desperate times call for desperate measures in the return to the new york times bestselling destroyermen series time is running out for the grand human and lemurian alliance the longer they take to prepare for their confrontations with the reptilian grik the holy dominion and the league of tripoli the stronger their enemies become ready or not they have to move or the price in blood will break them matt reddy and his battered old destroyer uss walker lead the

greatest army the humans and their lemurian allies have ever assembled up the zambezi toward the ancient grik capital city standing against them is the largest most dangerous force of grik yet gathered on the far side of the world general shinya and his army of the sisters are finally prepared for their long expected assault on the mysterious el paso del fuego not only is the dreaded dominion ready and waiting for them they've formed closer more sinister ties with the fascist league of tripoli everything is on the line in both complex grueling campaigns and the grand alliance is stretched to its breaking point victory is the only option whatever the cost because there can be no second chances

the spectacular alternate military history saga continues in the third novel in the new york times bestselling destroyermen series lieutenant commander matthew reddy along with the men and women of the battleship walker are once again at war having sided with the peaceful lemurians against the savage reptilian grik they now find themselves scrambling to prepare for the attack that is sure to come meanwhile the japanese juggernaut amagi also trapped in this strange world is under grik control soon they will have amassed a force that no amount of fire power and technology will be able to stop reddy his crew his allies and his loved ones face annihilation but if there is one thing they have learned about their new world it is that hope and help may just be over the horizon

taylor anderson is one of the best at military science fiction as his plots combine cerebral thought provoking issues within a great adventure tale the alternate realm of the destroyermen saga is worth the journey alternative worlds lieutenant commander matthew reddy of uss walker has found an unlikely ally in commodore jenks of the new britain imperial navy and now they are united in their desire to find a traitor who abducted the women they would die for reddy's love nurse sandra ticker and young princess rebecca of the new british empire but when reddy and jenks report the situation to the new britain company it soon becomes obvious that the ruthless company is attempting to overthrow the imperial throne and that someone involved knows where sandra and rebecca are and reddy must navigate through a tempest of politics deception and betrayal if he is ever going to save the hostages and live to fight another day

major lewis cayce will need to use every weapon in his arsenal to keep his stranded men alive on a deadly alternate earth in this gripping new adventure set in the world of the new york times bestselling destroyermen series it is 1847 and almost a full year after being shipwrecked on another far stranger and more dangerous earth on their way to fight santa anna in the mexican american war lewis cayce and his small group of artillerymen infantrymen and dragoons have made friends in the yucatán helped build an army and repulsed the first efforts of the blood

drenched holy dominion to wipe their new friends out as an even more radical cult of blood priests arises and begins to pursue its own path to power the dominion can't let its defeat stand it must crush the heretics and expel them from the land it has claimed fortunately lewis cayce is a professional he understands defense can only result in a stalemate at best and a stalemate with the more populous dominion will only lead to defeat in the end the lucky few will be enslaved the rest will be sacrificed in the most horrific way imaginable the only hope his new allies have is to win and to do that his little army must attack the most powerful and diabolical enemy on the planet in its own territory achieving victory will take all lewis's imagination the courage and trust of his soldiers and all the round shot and canister his tiny band of artillerymen can slam out

lieutenant commander matthew reddy and the crew of the u s s walker continue to battle for freedom and survival in a parallel universe during world war ii in this novel from the author of distant thunders

national bestselling author taylor anderson's explosive wwii alternate history series continues as a do or die battle is waged that risks far more than anyone bargained for the long planned raid on the heart of the grik empire has grown more ambitious and dangerously ill defined only matthew reddy commander of the old destroyer uss walker seems focused on its original intent many lemurians see an opportunity to reconquer their sacred homeland which was stolen long ago and have no intention of simply striking a blow and then pulling back others lemurian and human have their own agendas which may not be in the best interests of the alliance complicating matters further is reddy's suspicion that his task force is being stalked by an unknown power bent on aiding the grik for reasons of its own as the raid begins and chaos reigns reddy has no choice but to go all in risking everything in a desperate act that results in a sprawling nightmarish battle on the beaches of grik city on the very decks of walker and in the labyrinthine passageways of the celestial palace itself the final cost could be more than matt reddy or the alliance can bear

in the pacific as uss walker is repaired and updated after a previous battle and matt reddy is healing from his wounds planning begins for a bold raid on the very heart of the grik empire but time is running out for the alliance army in india and the allied forces in the west must gather in an unprecedented land air and sea campaign to destroy the mighty grik battle fleet and break through to their relief all other plans go on hold when the attempt proves more difficult and more heartbreakingly costly than anyone imagined meanwhile the struggle continues on other fronts near and far in the jungles of borno in distant southern africa and in the americas where the allies are finally learning

the terrible truth about the twisted dominion the alliance is on the offensive everywhere but their enemies have a few surprises including new weaponry and new tactics and a stunning geographic advantage that reddy never suspected until now

burning waters designated supreme commander of the allied forces matt reddy must now contend with a new threat the dominion humans whose lust for power matches the grik but even though the grand alliance recognizes the danger of the dominion it must deal with the land based grik first leaving the imperial navy and uss walker with little assistance as war rages more japanese ships come through the time space maelstrom that the americans call the squall one is a hell ship carrying prisoners of an imperial japan that is growing ever more ruthless in the face of looming defeat escorting it is a new state of the art destroyer whose officers recognize no rules of war fighting on two fronts reddy is plunged into a firestorm of loyalty betrayal and sacrifice but nothing can prepare him for a devastating new grik weapon a weapon that could wipe out all who oppose them

the crew of a wwii destroyer face their greatest challenge yet as they try to survive in a strange new world in the next thrilling book in the new york times bestselling series commander matt reddy and his crew are afraid it may finally be the end of the uss walker ever since their ship was transported to another world and they became embroiled in a deadly conflict between the lemurians and the vicious grik the walker has been taking a pounding with walker out of commission for repairs reddy takes command of a different ship and joins a desperate battle to block the grik swarm meanwhile the humans and their allies face a deadly second front in the republic to the south all of reddy's forces are committed and there's no turning back either they'll win or lose everything

lieutenant commander matthew reddy and the crew of the uss walker find themselves caught between the nation they swore to defend and the allies they promised to protect

new york times bestselling author taylor anderson's phenomenal alternate history destroyermen series continues as a game changing conspiracy throws the hope of honor trust and survival into chaos matt reddy's old asiatic fleet destroyer uss walker has been mysteriously transported to an alternate version of earth here wwii is no longer raging and reddy and his crew have been trying to find a new place for themselves in this strange new world now along with the felinoid lemurians and imperial allies they fight to keep the reptilian grik a race growing in supremacy from reconquering the lemurians ancestral home on madagascar reddy and his crew are exhausted far from reinforcements and wildly outnumbered so the odds seem greater than ever before as for the fate of the americas don hernan and

the evil dominion have gathered to annihilate the forces behind the walls of fort defiance as a shadowy power with an agenda all its own rises with chilling resolve as the war teeters on a knife edge a tipping point may have been reached at last and cold steel and hot blooded valor will remain the ultimate weapons

taylor anderson s enthralling new york times bestselling series of alternate history continues as game changing revelations upend the grand alliance in a potentially cataclysmic war ever since the uss walker came from another world war to defy the terrifying grik and diabolical dominion matt reddy and his crew have given their all to protect the oppressed lemurians but with the walker in desperate need of repairs just as the grik s first general is poised to strike reddy is desperate with more enemies than ever before arrayed against them the crew of the walker needs new allies that means combing the lethal wilds of madagascar to find the lemurians fabled ancestors as well as the enigmatic dwellers east of the pass of fire but what reddy s crew unearths may be more than they can handle discoveries so shattering they could tilt the balance of the war in either direction but reddy s greatest adversary is from his past a madman named kurokawa whose single minded mission of revenge will shake the alliance to its core and raise the stakes to the most personal and terrifying levels reddy has ever faced

new york times bestselling author taylor anderson continues the thrilling destroyermen series of alternate history and military strategy as the conflict is about to become terrifyingly personal captain matt reddy and the crew of the uss walker have been fighting for their lives ever since their ship was swept from the pacific to another world and they became embroiled in a deadly conflict between their lemurian allies and the ravening grik but things are about to get worse with reddy s family and allies held prisoner by the mad general kurokawa the mysterious league and evil dominion plotting schemes of their own and the grik trying to build their swarm and concentrate power reddy faces danger on all sides although desperate to confront kurokawa captain reddy fears he s subordinating the war effort for personal reasons but kurokawa is too dangerous to be left alone with the mighty league battleship savoie at his command he plots a terrible vengeance against reddy and his tiny battered destroyer the stage is set for a devastating cataclysm and reddy and his allies will have to risk everything to protect what they hold dear

on their way to fight in the mexican american war a group of american soldiers are swept away to a strange and deadly alternate earth in this thrilling new adventure set in the world of the new york times bestselling destroyermen series the united states 1847 a disparate group of young american soldiers are bound to join general winfield scott s campaign against santa anna at veracruz during the mexican american war they never

arrive or rather they arrive somewhere else the untried idealistic soldiers are mostly replacements really a handful of infantry artillery dragoons and a few mounted riflemen with no unified command and they've been shipwrecked on a terrible different earth full of monsters and unimaginable enemies major Lewis Cayce late of the 3rd US Flying Artillery must unite these men to face their fears and myriad threats armed with little more than flintlock muskets a few pieces of artillery and a worldview that spiritually and culturally rebels against virtually everything they encounter it will take extraordinary leadership and a cadre of equally extraordinary men and women to mold frightened troops into an effective force make friends with other peoples the evil holy dominion would eradicate and reshape their manifest destiny into a cause they can all believe in and fight for for only together will they have any hope of survival
