historicizing canadian anthropology is the first significant examination of the historical development of anthropological study in this country it addresses key issues in the evolution of the discipline the shaping influence of aboriginal anthropological encounters the challenge of compiling a history for the canadian context and the place of international and institutional relations the contributors to this collection reflect on the definition and scope of the discipline and explore the degree to which a uniquely canadian tradition affects anthropological theory practice and reflexivity historicizing canadian anthropology is a watershed that will revitalize critical reflexivity within the field with contributions from a broad cross section of anthropologists from senior scholars to doctoral students this book is essential reading for practising canadian anthropologists their students and others who seek to understand the historical contours of the field

annual series exploring perspectives on the history of anthropology

every culture has a way of perceiving and practicing marriage many contemporary western christians mistake what their culture prescribes regarding marriage with what the bible portrays and thereby take as biblical what is merely cultural uncritical conformity to cultural imperatives of marriage then becomes a christian virtue and a sweet surrender few recognize much less question this confusion even when its consequences are unhealthy in sweet surrender dennis hiebert challenges christians to comprehend what is cultural in their view of marriage hold as optional what is not explicitly required by the bible and live out their marriages within the transcendent grace of god gaining greater awareness can free marriages from the control of culture for something more simply but

deeply christian marriages benefit when they are released from cultural directives that are not biblical callings even if they choose to retain them as cultural practices this book is for christians who are ready to rethink their assumptions about marriage

we live in a world of oppositional relationships and increasing in group out group divisions christian sociologist matthew vos explains how the problem of the stranger lies at the root of many problems humanity faces such as racism sexism and nationalism he applies classic sociological theory on the stranger to matters of faith and social justice showing that an identity in christ frees us to love strangers as neighbors and friends the book also includes two guest chapters one on intersex persons and the church and one on stranger making in the correctional system

a comprehensive guide to nuxalk culture and a central document in the study of ethnographic methods

human skeletons are widely studied in archaeological anthropological and forensic settings to learn about the deceased this book focusses on identified skeletal collections and discusses how and why collections were amassed and shows the vital role they play in improving methods and interpretations for archaeological and forensic research

u s museum histories and the politics of interpretation is the first collection to examine the history of museums in the united states through the lens of the political and ideological underpinnings at the heart of exhibitions collecting and programming including contributions from historians art historians anthropologists academics and museum professionals the book argues that museums have always been embedded in the politics and culture of their time whether that means a reification of hegemonic notions of race gender and progress or a challenge to those normative structures contributions probe the political nature of collection and interpretation as concept and practice and museum work as both reflective of and contributing to the politics and circulation of power in different historical moments as a whole the volume provides detailed readings of museums that

demonstrate the ways in which these trusted cultural institutions have intervened in shifting concepts of nation community indigeneity race citizenship inclusion identity localism and memory u s museum histories and the politics of interpretation makes arguments about the historically and politically rooted nature of cultural production in museums that apply to institutions across the globe it is essential reading for students and scholars of museum studies public history cultural history art history and memory
