the viking world is a one stop authoritative introduction to the latest research in the field and covers such wide ranging topics as social institutions spatial issues the viking age economy warfare beliefs language voyages and links with medieval and christian europe

the vikings dominated western europe from the 9th to the 11th centuries in this account of the viking world every aspect of viking life is examined important chapters on ships runes and religion have been contributed by specialist authors and the text is complemented by illustrations including maps and reconstruction drawings photographs many of them especially commissioned portray the brilliant products of the vikings culture and the beauty and harshness of the natural world they faced

examines the life art and technology of vikings and discusses the extent of the travels

this interdisciplinary volume the first on the subject to appear since 1981 brings together work on subjects as diverse as archaeology history art history and literature relating to byzantium and the nordic baltic and east slavonic lands between the ninth and thirteenth centuries

chronicles viking history as drawn from archaeological sources and a wealth of norse sagas and mythology offering a comprehensive illustrated study of viking activities and the territories they explored

a richly drawn account of a single day in the viking world chronicling an hour in the life of 24 individuals from every corner of viking society from the bestselling 24 hours series

filling a gap in the literature for an academically oriented volume on the viking period this unique book is a one stop authoritative introduction to all the latest research in the field and the most comprehensive book of its kind ever attempted

the viking age c 750 1050 ad is conventionally seen as a tumultuous time when hordes of fierce warriors from scandinavia wreaked havoc across the european continent and when norse merchants travelled to distant corners of the world in pursuit of slaves silver and exotic commodities until relatively recently archaeologists and textual scholars had the tendency to weave a largely male

dominated image of this pivotal period in world history dismissing or substantially downplaying women's roles in Norse society today however there is ample evidence to suggest that many of the most spectacular achievements of Viking age Scandinavians for instance in craftsmanship exploration cross cultural trade warfare and other spheres of life would not have been possible without the active involvement of women extant textual sources as well as the perpetually expanding corpus of archaeological evidence thus demonstrate unequivocally that both within the walls of the household and in the wider public arena women's voices were heard respected and followed this pioneering and lavishly illustrated monograph provides an in depth exploration of women's associations with the martial sphere of life in the Viking age the multifarious motivations and circumstances that led women to engage in armed conflict or other activities whereby weapons served as potent symbols of prestige and empowerment are illuminated and interpreted through an interdisciplinary approach to medieval literature and archaeological evidence from Scandinavia and the wider Viking world additional cross cultural excursions into the lives and legends of female warriors in other past and present cultural milieus from the Asiatic steppes to the savannas of Africa and European battlefields lead to a nuanced understanding of the idea of the armed woman and its embodiments in Norse literature myth and archaeological reality

for fans of provocative history and *Game of Thrones* alike this revisionist narrative reveals how the little known women of the Viking era shaped their world until Scandinavia converted to Christianity and came under the rule of powerful kings the Vikings were a dominant force in the medieval world outfitted with wind powered sailing ships they left their mark spreading terror across Europe sacking cities deposing kings and ransacking entire economies after the Vikings the world was never the same but as much as we know about this celebrated culture there is a large missing piece its women all but ignored by contemporary European writers these shadowy figures were thought to have played little part in the famous feats of the Vikings instead remaining at home as wives mothers and homemakers in this cutting edge revisionist portrait renowned science journalist Heather Pringle turns those assumptions on their head using the latest archaeological research and historical findings to reveal this group as they actually were members of a complex society rich in culture courage and a surprisingly modern gender ideology the women of the Viking age were in fact forces to be reckoned with serving as sorceresses warriors traders artisans explorers settlers landowners power brokers queens both ambitious and compelling the *Northwomen* is the true story of some of the most captivating figures of the Viking world and what they reveal about the modern age

longlisted for the 2020 Cundill History Prize *Valkyries* the female supernatural beings that choose who dies and who lives on the battlefield they protect some but guide spears arrows and sword blades into the bodies of others Viking myths about Valkyries attempt to elevate the banality of war to make the pain and suffering the lost limbs and deformities the piles of lifeless bodies of young men glorious and worthwhile rather than their death being futile it is their destiny and good fortune determined by divine beings the women in these stories take full part in the power struggles and upheavals in their communities for better or worse drawing on the latest historical and archaeological evidence *Valkyrie* introduces readers to the dramatic and fascinating texts recorded in medieval Iceland a culture able to imagine women in all kinds of roles carrying power not just in this world but pulling the strings in the other world too in the process this fascinating book uncovers the reality behind the myths and legends to reveal the dynamic diverse lives of Viking women

fourteen papers explore a variety of interdisciplinary approaches to understanding the Viking past both in Scandinavia and in the Viking diaspora contributions employ both traditional inter or multidisciplinary perspectives such as using historical sources Icelandic sagas and eddic poetry and also specialised methodologies and/or empirical studies place name research the history of religion and technological advancements such as isotope analysis together these generate new insights into the technology social organisation and mentality of the worlds of the Vikings geographically contributions range from Iceland through Scandinavia to the continent Scandinavian British and continental Viking scholars come together to challenge established truths present new definitions and discuss old themes from new angles topics discussed include personal and communal identity gender relations between people artefacts and places spaces rules and regulations within different social arenas processes of production trade and exchange and transmission of knowledge within both past Viking age societies

and present day research displaying thematic breadth as well as geographic and academic diversity the articles may foreshadow up and coming themes for viking age research rooted in different traditions using diverse methods and exploring eclectic material viking worlds will provide the reader with a sense of current and forthcoming issues debates and topics in viking studies and give insight into a new generation of ideas and approaches which will mark the years to come

the ultimate travel guide to the 11th century norse civilization of northern europe with information about their home food clothing customs voyages and conquests experience the thrill of a viking raid explore the newly discovered vinland but beware the hostile natives visit the town of hedeby and shop for a souvenir bone carving discover exotic delicacies including wild boar and seagull eggs contents the viking world traveling around what to wear food and drink shopping accommodation a viking raid a viking feast leisure time temple of uppsala exploring north eastern trade routes survival guide souvenir quiz includes fold out map of the viking world full color illustrations juvenile audience

the northmen s fury tells the viking story from the first pinprick raids of the eighth century to the great armies that left their scandinavian homelands to conquer larger parts of france britain and ireland it recounts the epic voyages that took them across the atlantic to the icy fjords of greenland and to north america over four centuries before columbus and east to the great rivers of russia and the riches of the byzantine empire one summer s day in 793 death arrived from the sea the raiders who sacked the island monastery of lindisfarne were the first vikings sea borne attackers who brought two centuries of terror to northern europe before long the sight of their dragon prowed longships and the very name of viking gave rise to fear and dread so much so that monks were reputed to pray each night for delivery from the northmen s fury yet for all their reputation as bloodthirsty warriors the vikings possessed a sophisticated culture that produced art of great beauty literature of abiding power and kingdoms of surprising endurance the northmen s fury describes how and why a region at the edge of europe came to dominate and to terrorise much of the rest of the continent for nearly three centuries and how in the end the coming of christianity and the growing power of kings tempered the viking ferocity and stemmed the tide of raids it relates the astonishing achievement of the vikings in forging far flung empires whose sinews were the sea and whose arteries were not roads but maritime trading routes the blood of the vikings runs in millions of veins in europe and the americas and the tale of their conquests explorations and achievements continues to inspire people around the world

looks at the history of the vikings by examining the archaeological excavations of historical sites and the artifacts found at those sites

introducing young readers to a fascinating civilisation take a tour of a bustling viking village in this friendly book find out how vikings dressed and what viking children did all day and see explorers set sail on a dangerous voyage to new lands

the definitive history of the vikings from arts and culture to politics and cosmology by a distinguished archaeologist with decades of expertise the viking age from 750 to 1050 saw an unprecedented expansion of the scandinavian peoples into the wider world as traders and raiders explorers and colonists they ranged from eastern north america to the asian steppe but for centuries the vikings have been seen through the eyes of others distorted to suit the tastes of medieval clerics and elizabethan playwrights victorian imperialists nazis and more none of these appropriations capture the real vikings or the richness and sophistication of their culture based on the latest archaeological and textual evidence children of ash and elm tells the story of the vikings on their own terms their politics their cosmology and religion their material world known today for a stereotype of maritime violence the vikings exported new ideas technologies beliefs and practices to the lands they discovered and the peoples they encountered and in the process were themselves changed from eirik bloodaxe who fought his way to a kingdom to gudrid thorbjarnardóttir the most traveled woman in the world children of ash and elm is the definitive history of the vikings and their time

relating archaeological discoveries to early scandinavian and icelandic literature simpson explores norse culture in detail placing emphasis on viking art literature and daily life

gives the nonspecialist reader a fascinatingly detailed picture without doubt the most attractively presented study of the vikings currently available historian here is the complete story of the vikings from their origins in scandinavia during the early first millennium ad through the incredible period of raiding trading and settling known as the viking age to the last surviving viking settlements in fifteenth century greenland following in the footsteps of viking merchants raiders and emigrants we track their journeys from the first documented raid on the island monastery of lindisfarne in 739 to the semi mythical travels of individuals such as eirik the red and the expansive kingdoms of viking leaders the book explores viking life and culture in detail their appearances warfare targets crafts and weapons as well as their stunning pattern welded swords and helmets drawing on the latest discoveries and augmenting textual evidence with archaeological detail this is a vivid picture of the vikings at home and abroad in an era that laid many of the foundations of the modern world
