this book is an exposition of how political cultural historical and economic structures and processes shape the nature and character of curriculum landscapes globally by developing theoretical connections and providing contextual background kumar explores how colonialism and imperialism state led ideological control and the wave of neoliberalism and capitalism insidiously impact the process of curriculum development in different parts of the world kumar also underscores how intellectual movements such as marxism and postmodernism have shaped curriculum theory in varied political and economic settings by emphasizing the connections between and among diverse cultural and political conceptualizations of curriculum this volume contributes to the internationalization of curriculum studies discourses

the anthropocene has become a field of studies in which the influence of human activity on the earth system and nature is both the main threat and the potential solution social representations theory has been evolving since the 1960s it links knowledge and practice in everyday life and is an effective way to deal with systemic crises based on common sense this book assembles key contributions by latin american scholars working with social representations in the social sciences that are of conceptual relevance to the study of the anthropocene and that investigate the societal

consequences of complex interrelations between common sense and topics of global relevance such as the contradictions of sustainable development the construction of risks beyond risk perception health negotiation and governance in the field of education gender equality the usefulness of longitudinal and systemic ethnography and case studies and agency and the link between inequality crises and risk society in the context of covid 19 presenting theoretical and methodological innovations from spanish portuguese and french research that have rarely been available in english this is the first book to address the relevance of social representations theory for the anthropocene as a societal era it presents the multidisciplinary scope of social representations this book covers emerging research contributions in social representations theory from latin america this book presents innovative research and commentaries by established researchers in the field this multidisciplinary book should be in the libraries of many disciplines in the social sciences and humanities

continuing its calling to define the field and where it is going the second edition of this landmark handbook brings up to date its comprehensive reportage of scholarly developments and school curriculum initiatives worldwide providing a panoramic view of the state of curriculum studies globally its international scope and currency and range of research and theory reflect and contribute significantly to the ongoing internationalization of curriculum studies and its growth as a field worldwide changes in the second edition five new or updated introductory chapters pose transnational challenges to key questions curriculum research addresses locally countries absent in the first edition are represented chile colombia cypress ethiopia germany iran luxembourg nigeria peru poland portugal singapore south africa spain and switzerland 39 new or updated chapters on curriculum research in 34 countries highlight curriculum research that is not widely known in north america this handbook is an indispensable resource for prospective and practicing teachers for curriculum studies scholars and for education students around the world

maristella svampa provides a broad and accessible overview of the key political and intellectual debates in latin american from the early twentieth century to the present

this book is a novel contribution to academic discourses on the coronavirus covid 19 crisis and how it has impacted societies globally it proffers an overview on the social development and political measures from both the global north and global south to prevent covid 19 s spread it illuminates major social political and economic challenges that already existed in different contexts and which are also currently being amplified by covid 19 curiously this global pandemic has opened spaces for different actors across the globe to begin to fundamentally question and challenge the hegemony of the global north which sometimes is evident in social work linked to the foregoing and while reflecting beyond the pandemic and into the future the book proposes that social work must become more political at all levels and strive to transform societies global social development efforts and economic and health systems this contributed volume of 38 chapters discusses and analyses ethical social sociological social work and social development issues that complement and enrich available literature in the socio political economics public health medical ethics and political science it provides various case studies which should enable readers to gain insights into how countries have responded to the pandemic and learn how covid 19

negatively impacted countries in different parts of the world this book also provides a platform for the articulation of neglected and marginalized voices such as those of indigenous populations the poor or oppressed the chapters are grouped according to three main themes as they relate to research on the covid 19 pandemic and social work in africa asia europe latin america and north america analysis social issues and the covid 19 pandemic strategies and responses in social work globally and locally outlook looking ahead beyond the pandemic intended to engage a global diverse and interdisciplinary audience the coronavirus crisis and challenges to social development is a timely and relevant resource for academics students and researchers in inter alia social work philosophy sociology economics and development studies

the essays included in this volume provide both an assessment of key areas and current trends in sociology specifically with regard to contemporary sociology in latin america as well as a collection of innovative empirical studies the volume serves as an effective bridge of communication allowing sociological academies to mobilize and disseminate research dynamics from latin america to the rest of the world

this international academic and professional yearbook contains articles and reviews on matters of interest to all concerned with history in education from contributors throughout the world the yearbook will encourage rigorous exploration or philosophical psychological sociological and historical perspectives upon history in education and their relation to practice where appropriate the theme of the first edition is centralisation and decentralisation of national curricula

a union list of serials commencing publication after dec 31 1949
