this workbook consolidates and extends the language taught in the student book grammar exercises give students useful practice and build confidence and vocabulary boosters and wordspots build on the lexical areas covered in the student book

cutting edge third edition builds on the distinctive task based approach that has made this course so popular engaging texts new video content and a comprehensive digital package are just some of the features that make this fully revised edition even more effective

this fully revised third edition builds on the task based learning approach that has made cutting edge so popular with new dvd rom material and digital components learners can be confident of improving their language skills through a carefully balanced range of activities

this fully revised third edition builds on the task based learning approach that has made cutting edge so popular with new dvd rom material and digital components learners can be confident of improving their language skills through a carefully balanced range of activities

the teacher s resource book provides teachers with all the support they need to use the course successfully in a variety of teaching situations step by step teacher s notes with suggestions for alternative procedures and extension activities teacher s tips section with practical ideas on teaching vocabulary and grammar using the speaking tasks and the mini dictionary photocopyable resource bank includes learner training worksheets communicative activities and progress tests

this course translates the theory of task based learning into a practical and user friendly coursebook recognizing that the performance of regular spoken and written tasks is crucial to successful language acquisition it combines elements of the task based approach with a strong emphasis on vocabulary alongside a comprehensive grammar and skills syllabus

this book addresses the key role of phraseology in second language acquisition and instruction it is divided into three main sections extracting and describing phraseological units investigates the role played by native and learner corpora in the extraction and description of multiword units two initial and crucial steps in informing language pedagogy learning phraseological units deals with the learning aspect an oft neglected yet essential dimension of phraseology in second foreign language pedagogy this section also addresses issues in new literacies and recording and exploiting phraseological units focuses on pedagogical tools notably monolingual and bilingual dictionaries and textbooks this stimulating collection presents cutting edge research in the field and identifies major avenues for future theoretical and applied work it is of particular relevance to researchers and teachers interested in the patterned nature of language

teachers around the world trust new cutting edge to deliver a comprehensive practical language syllabus and an impressive range of teaching resources

with key a series of beginner s guides to the english language

cutting edge is a series in english as a foreign language it provides an all round practical knowledge of grammar skills vocabulary and real life functional language

english language teaching textbooks or coursebooks play a central role in the life of a classroom this edited volume contains research informed chapters focusing on analysis of textbook content how textbooks are used in the classroom and textbook writers accounts of the materials writing design and publishing process

the articles in this edited volume represent a broad coverage of areas they discuss the role and effectiveness of corpora and corpus linguistic techniques for language teaching but also deal with broader issues such as the relationship between corpora and second language teaching and how the different perspectives of foreign language teachers and applied linguists can be reconciled a number of concrete examples are given of how authentic corpus material can be used for different learning activities in the classroom it is also shown how specific learner problems for example in the area of phraseology can be studied on the basis of learner corpora and

textbook corpora on the basis of learner corpora of speech and writing it is further shown that even advanced learners of english are uncertain about stylistic and text type differences

bringing together an international and interdisciplinary team of contributors this handbook is a wide ranging and invaluable reference guide to language teaching a comprehensive reference work on language teaching which combines the latest research findings coverage of core topics and examples of teaching experience from a variety of languages and settings provides a unique breadth of coverage including the psycholinguistic underpinnings of language learning social political and educational contexts program design materials writing and course design teaching and testing teacher education and assessment and evaluation offers a balanced evaluation of the major positions and approaches including examining the increasingly important social and political context of language teaching written by an international and interdisciplinary group of authors from a dozen different countries english is only one of the many languages used as examples throughout the volume
