the royal commission on the ancient and historical monuments of wales has a leading national role in developing and promoting understanding of the archaeological built and maritime heritage of wales as the originator curator and supplier of authoritative information for individual corporate and governmental decision makers researchers and the general public

this book s focus is the welsh immigrant community in the ballarat sebastopol gold mining district of victoria australia during the second half of the nineteenth century the book provides an analysis of a welsh community as it existed in a particular area and the ways in which it changed during a specific period of time and considers all aspects of the welsh immigrant experience

the maritime information guide provides a list of uk libraries record offices archives museums institutions associations and other bodies that have or can make available information on maritime matters titles are listed in alphabetical order by the name by which users are most likely to look up this is the fourth volume produced in 2004 following the previous editions in 1973 1983 and 1993

this report presents the findings of cadw funded surveys carried out between 1993 and 1998 on the welsh coastal zone and discusses the broader implications of the project the contributors define what is meant by coastal archaeology and outline the methodology of the surveys before presenting a chronological overview of their results of the location type and importance of sites threatened by natural erosion the construction of sea defences and of harbour and port facilities for example moreover this report looks at priorities for the future and stresses the urgent need for archaeological representation on national forums and committees and in any decision making that threatens the heritage of the welsh coastline

a detailed exploration of all aspects of welsh emigration to australia arranged chronologically drawing out maritime links between the two countries in the nineteenth century

at the same time that international political economic and power shifts have forced australia to look inwards to itself rather than outwards to others for solutions and decisions the australian people themselves have begun to re write their history in their own terms and to ponder seriously their future role in the world wales and australia a symposium is the first symposium organized by the centre for australian studies in wales at st david s university college four of the papers included in this book were presented by people based in wales two by australians all papers ranging through migration historiography broadcasting and mining sought to establish historical and cultural connections between wales and australia the papers presented have been enlarged and edited for publication in this form

cogs caravels and galleons traces the development of seagoing vessels from the traditions of late antiquity to the all important emergence of the three masted ship undoubtedly the most significant innovation in the history of shipping before the steam engine without the three masted ship the european age of exploration and expansion is almost inconceivable and there is no doubt that the subsequent evolution of the world would have been markedly different in recent years much original research has been done in this field based on both documentary sources and archaeology but this is the first overall synthesis of the new material now available the main chapters are devoted to the principal ship types explaining the latest thinking on the characteristics of cogs caravels hulks and so forth that have caused scholarly debate for decades there are also more general sections on essential background subjects like construction and guns and gunnery as well as pertinent essays on the evidence from documentary sources contemporary illustrations and archaeology all the contributors are the foremost experts in their fields but in presenting the fruits of their research at an approachable level cogs caravels and galleons is a pioneering work in this area of maritime history

an attempt to list define describe and illustrate the coastal vessels which operated under sail and oar in the waters around the british isles roughly covering the dates 1820 to 1920 p 7
