more than fifty years after the beginning of the women's movement women are still not making it in traditionally male careers women start their careers on parity with men but generally end them far earlier having achieved less status lower compensation and less satisfaction than men breaking through bias explains that it is the stereotypes about women men work leadership and family that hold women back and it presents an integrated set of communication techniques that women can use to avoid the discriminatory consequences of these stereotypes this highly practical book makes clear that women don't need to change who they are to succeed in their chosen careers and they certainly don't need to act more like men women do however need to be attuned to the

negative gender stereotypes that surround them they need to anticipate the biases these stereotypes foster and they need to manage the impressions they make to avoid or overcome these biases breaking through bias presents unique practical and effective advice about how women can at last break through gender bias in the workplace and win at the career advancement game
